Send Tanks To Keep Him In Power

Argentine Rebels Support Guido In Loyalty Charge

BUENOS AIRES (AP)—Loyalities of Argentina's feuding military factions turned topsy-turvy overnight. Rebels who had been fighting President Jose Maria Guido's government sent a tank column into battle in Buenos Aires at dawn today to keep him in power.

Machine gun fire rattled in exchange between the World War II Sherman tanks and troops of Gen. Juan Carlos Lario, erstwhile supporter of Guido who split with him and joined a navy move to oust the president and install a three-man military junta.

The clash came in Constitution Plaza, site of one of the capital's major railway terminals.

Previous actions had taken a toll of six dead, of whom five were civilians, and at least 28 wounded.

Francis military and political maneuvers had turned the tables in the night.

The original rebels, headed by Gen. Juan Carlos Ongania, now called themselves the legalists. With return of constitutional government as their continued aim, they pledge to keep Guido in power and insure elections for a new government.

The loyalists, who had battled

with many words and occasional shots for Guido through four days of crisis, are now the rebels.

The navy, which had kept on the sidelines, proposed a three-man military junta to stop the drift toward civil war.

Rebel leaders refused to attend a top level meeting called to discuss the plan and said President Jose Maria Guido was resisting navy pressure to resign.

Political maneuvering continued through the night as troops of both the rebels and so-called loyalists were deployed in the capital. Scattered clashes during the rebellion, now in its fifth day, have killed six persons, five of them civilians.

The navy suggested early today a cease-fire and that Guido be replaced by a junta made up of Navy Rear Adm. Carlos Sanchez Sanudo, Army Lt. Gen. Arturo Ossorio Arana, and Air Force Commander Oscar Lentino.

Soon afterward the navy said Guido had offered his resignation to the Council of Admirals. But Guido's secretary denied he was quitting and a spokesman at the rebel stronghold of Campo de Mayo near Buenos Aires said the president had notified them he intends to remain at his post.

There was no immediate com-

ment from the navy on Guido's reported refusal to resign.

The meeting of top leaders began at a heavily guarded building of the navy secretariat.

A rebel spokesman said their leader, Gen. Juan Carlos Ongania, turned down an invitation to attend because he felt any such meeting should be held at Campo de Mayo.

Police said early today a soldier died from bullet wounds suffered in an exchange of fire between air force jets and loyalist troops on a train near Moron Air Base in the vicinity of Buenos Aires.

A civilian bystander was the first person reported dead from the rebellion. He was hit in the head by a ricocheting machine gun bullet when rebel and loyalist forces exchanged fire for an hour across the Riachuelo River outside Buenos Aires. At least one other civilian and seven soldiers were wounded in that clash.

Troop movements were particularly active in the vicinity of Government House, which Guido left for his residence Friday.

The Grenadier Guards, rebel sympathizers from the start, were reinforced in their control of Government House by a tank and two weapons carriers.

Negro Keeps Up Vigil

U.S. Presses New Effort To Cite Mississippi U.

OXFORD, Miss. (AP) — Negro James H. Meredith kept up his vigil of watchful waiting today as the Justice Department prepared another attempt to press a contempt citation against University of Mississippi officials.

U.S. Dist. Judge Sidney Mize Friday cleared the chancellor, dean and registrar of contempt charges that followed after Gov. Ross Barnett intervened and refused to allow Meredith, 29, to enroll.

Mize, who had turned down Meredith's petition for an admission order three times until he was told to grant it by an appeals court, ruled that the board of trustees—not the three defendants—held sole power to admit Meredith.

The 13 members of the State College Board—in effect, the board of trustees for all Mississippi institutions of higher learning—are scheduled to appear in New Orleans Monday on the same contempt charges.

Three judges of the 5th U.S. Circuit Court of Appeals will hear

the case. Former Gov. J. P. Coleman will defend some board members.

Although classes started Friday at Ole Miss, there were still two days of registration left—today and Monday. But plans of the Air Force veteran have not been disclosed. Nor were his whereabouts known.

Cool Weather To Stay With Sunday Sunny

The cool spell will continue over the weekend but Sunday will be sunny.

The district apparently has escaped frost as the Ohio Valley's temperature has remained above 40, although rural areas got cooler readings.

Today's high range will be 65 to 71 degrees and tonight's low 46 to 52 with the same for tomorrow.

Autumn arrives officially tomorrow at 8:35 a.m., so it's farewell to another summer.

The downtown had a reading of 43 at 5 a. m.

Schirra Orbit Bid Delayed Until Oct. 3

CAPE CANAVERAL, Fla. (AP) —A sticky valve in Walter M. Schirra's "Sigma 7" spacecraft has caused a delay until at least Oct. 3 and probably longer, in his attempt to orbit the earth six times.

The proposed flight hit a snag Friday when preflight checkouts disclosed a problem with a selector valve in the capsule's automatic control system. Rather than take a chance on the valve, the National Aeronautics and Space Administration called off the flight until at least Oct. 3. It had been scheduled for Sept. 28.

Space agency officials said the exact cause of the difficulty was not known. They said only that a valve was sticking and that the spacecraft would have to be removed from the Atlas for study.

Other project people reported that removal of the spacecraft would mean a delay until at least Oct. 8. They noted that the trouble would have to be isolated and corrected. Then the capsule would have to be elevated once again to the top of the Atlas booster for a minimum 11-day checkout before launching.

Allies' Cuts In Shipping Due Cuba

Cooperation Seen In U.S. Drive To Curtail Red Aid

WASHINGTON (AP) — The United States appears to be making headway in its drive to get Allied cooperation in cutting down Communist shipping to Cuba.

The West German government has agreed to take steps to prevent its shipowners from putting German flag vessels under Soviet charter.

And there is hope that Britain, Norway and other North Atlantic Treaty Organization Allies whose ships have sailed for the Russians in the Cuban buildup will also cooperate.

Britain, Norway and West Germany are each believed to have a dozen ships engaged in the Communist effort to beef up the Red outpost in the Caribbean.

The United States—arguing that the Cuban situation is an extremely serious problem—has pressed its Allies to deny shipping to the Soviet bloc.

American officials say the Russians have been using their own ships to carry arms and military personnel to Cuba. The chartered vessels have brought in food and industrial equipment designed to bolster Prime Minister Fidel Castro's wheezing economy.

First word of the West German move came in a House speech Friday by Rep. Paul G. Rogers, D-Fla.

"I hope the action of the West German government will be immediately adopted and implemented by the other NATO allies and friends," he said.

Rogers told the House that friendly merchant ships have been transporting goods to Cuba, then loading up with cargoes at U.S. ports for "profitable return trips."

Said Rogers: "This situation in effect had the United States helping to support a portion of the Soviet-Cuban buildup contrary to the best interests of our nation."

Meanwhile, the Cuban caldron still boiled on Capitol Hill.

House leaders slammed the door on any toughening up of the congressional "fight if - necessary" declaration on Cuba.

Some members had demanded stronger and more specific language and action. But the Rules Committee Friday barred amendments when the resolution comes up for a House vote Wednesday.

Thus the House will act on the same resolution passed Thursday by the Senate, which declared U.S. determination to use whatever means are needed to prevent Communist aggression from Cuba.

Historic California Hotel Hit By Fire

REDDING, Calif. (AP) — Fire broke out in the historic, almost block-long Golden Eagle Hotel in downtown Redding this morning, and deputy police chief Elmer Nixon said, "There may be some deaths."

Firemen still were battling the blaze more than two hours after the first alarm was sounded in this Northern California community about 100 miles south of the Oregon border.

3 More Days To Register

To be eligible to vote in East Liverpool at the Nov. 6 general election, you must register with the County Election Board at 129 W. 6th St. if:

You haven't voted at a primary, general or special election in the last two years; you've changed your name by marriage or court action; you've become 21 since the last election or will be 21 on or before Nov. 6.

A new resident is qualified to vote after he has resided in Ohio for a year and in Columbiana County and his precinct for 40 days prior to Election Day. East Liverpool is the only community in the county where voter registration is required.

Registration Ends Wednesday

On Berlin Situation

Mr. K Hints He Might Like Talk With Kennedy

WASHINGTON (AP) — Soviet Premier Khrushchev reportedly hinted to foreign visitors recently that he might like to have a talk with President Kennedy on the Berlin situation late this year.

U.S. officials are cool to such a meeting because of the danger that sharp disagreement at the summit level would inflame East-West tensions.

There has been speculation in diplomatic quarters that Khrushchev may decide to attend some sessions of the U.N. General Assembly in New York in late November. Well informed diplomats now believe that if he does, his purpose will be not only to appear in the assembly but to create an

opportunity for a meeting with Kennedy.

In such circumstances, it is said, the President undoubtedly would see Khrushchev as he might see any other government leader who came to the United Nations. But on the U.S. side nothing is being done to encourage Khrushchev to make the trip.

Secretary of State Dean Rusk flies to New York this afternoon for a round of conferences with various foreign ministers attending the U.N. General Assembly. He is to see Soviet Foreign Minister Andrei Gromyko on Tuesday. Berlin, disarmament and Cuba are prospective subjects of discussion. The revived talk of a Khrush-

chev trip to the United States will be in the background of the Rusk-Gromyko meeting, but whether the Soviet minister will put out any more feelers is uncertain. So far as Western authorities are able to judge, Khrushchev himself has not yet made any final decision on the moves he intends to make with respect to Berlin.

Rusk is expected to emphasize anew that the United States, Britain and France, as the occupation powers in West Berlin, have no intention either of negotiating on their right to be there, or agreeing to accept Soviet forces alongside Western forces while Western forces have no role in Soviet-controlled East Berlin.

DiSalle Calls For Blueprint Of Progress

Ohio's Democratic Convention Hears Kennedy 'Keynote'

COLUMBUS, Ohio (AP)—Gov. Michael V. DiSalle called on the Democratic state convention to adopt a platform today that would be a blueprint for Ohio progress.

Some 2,000 delegates and party leaders turned to platform and other convention business after President Kennedy gave the keynote address by telephone from Newport, R.I.

Approximately 1,100 dinners at \$25-a-plate fund - raising banquet heard the President speak Friday night over a public address system in Veterans Memorial here.

He substituted for Vice President Lyndon B. Johnson after a schedule snarl prevented the Texan from attending the two-day convention.

After criticizing the recently adopted Republican state platform as full of contradictions and a "complete repudiation of their own candidate for governor," DiSalle expressed the hope that the Democratic platform would be sound in principle and capable of achievement; clarify rather than confuse.

Adoption of the party platform was the final convention business at a session scheduled to start at 2 p.m. EST.

Speakers Friday night besides Kennedy and DiSalle included Lausche, U.S. Sen. Stephen M. Young and State Chairman William L. Coleman.

Candidates for state offices and congressional seats were introduced along with party leaders. Richard D. Kennedy of Cleveland, the party's nominee for congressman-at - large, boycotted Friday night's banquet but told newsmen he might attend some final day sessions.

The Cleveland real estate man has been criticized by DiSalle and other party leaders for his civil rights views. Speculation indicated he might be denied party headquarters backing in the campaign if he failed to support a proposed civil rights platform plank.

Gun Powder Truck Rams Auto, 3 Hurt

A van-type truck hauling explosives rammed the side of a car, injuring the driver and hospitalizing two passengers, Friday night about 9:30 at the intersection of 17th and Commerce Sts., Wellsville.

Police said the car driven by William Travis, 22, of 1229 Clover St., Wellsville, pulled from 17th St. onto Commerce and was struck broadside by the truck driven by Russell Lichtle of New Castle.

The impact drove the car against a utility pole. The car was demolished. Damage to the truck was confined to the bumper and fenders.

Travis was treated at City Hospital for lacerations and contusions of the lower lip.

Two teen-age girls in the car were admitted to the hospital and are in "good" condition today. They are Sylvia Jenrett, 17, daughter of Mack Jenrett, 1241 Chaffin St., who suffered abrasions of both legs and Frances Turner, 16, daughter of Mrs. Frank Dandridge, 365 Briar Ln., who suffered abrasions of the left leg and hip and contusions of the head and neck.

Travis was cited for driving without an operator's permit. He will receive a hearing before Mayor William Daugherty at Wellsville.

Police said Lichtle was hauling gun powder used in artillery pieces.

USW Rejects Assessment Of Dues Plan

MIAMI BEACH, Fla., (AP) — United Steelworkers of America looked ahead today to possible 1963 wage negotiations without the benefit of an additional war chest requested by its officers.

The union rejected a dues assessment proposal Friday in an uproarious closing session of its 11th constitutional convention.

The vote after a noisy debate marked by catcalls and interruptions and demands for order by president David J. McDonald was 1,532 to 1,454.

Rejected was a proposed amendment empowering the executive committee to levy up to \$5 monthly against members if the union's treasury drops below \$20 million. It stands at \$21,812,076, a skid from \$27,300,000 two years ago and \$32 million at start of 1959.

McDonald, visibly disappointed after the vote, promised to take any economy measure needed to remain in the black, even staff decreases.

Steelworkers still can be assessed up to \$5 monthly during contract reopening negotiations and two months thereafter.

2 Hurt When 'Drag Racing' Sedan Upsets

Cumberland Area Driver, Wellsville Passenger Injured

A New Cumberland area driver and a passenger from Wellsville were injured when their car overturned while drag racing on Route 30 near Chester Friday night at 11:30, Hancock County sheriff's deputies reported.

Deputies said George Mull, 24, of R.D. 2 was driving west on Route 30 at a "very high rate of speed" when he lost control and struck a concrete post and sign and the car upset.

Mull was following a black sedan when his car began "fish-tailing," deputies said. The lead car failed to halt after the mishap near the Route 2 intersection at the summit of the Chester Hill, deputies added.

Mull is in "good" condition at City Hospital with abrasions of the left leg, while a passenger, Kenneth Murphy, 19, of Wellsville, is also in "good" condition with a fractured right leg. Carl Mobley of Wellsville, who was riding in the rear seat, escaped unhurt, the sheriff's office reported.

The New Cumberland driver had been following the other car too closely, hitting his brakes, swerving to the right side of the highway, and overturning, deputies explained.

Mull was charged with reckless driving, driving while intoxicated, and driving without a registration card, the sheriff's office said.

13 Register To Vote With Deadline Near

Only 13 East Liverpool residents have registered to vote in the Nov. 6 general election since Thursday, boosting the total qualified voters in the city to 10,057, the County Election Board said today.

Unqualified voters were reminded by the board its office on W. 6th St. will be open 12 continuous hours from 9 a. m. to 9 p. m. on Monday and Tuesday and until 10 p. m. on Wednesday, the deadline to register.

Frank R. O'Hanlon, clerk, also explained the board will operate branch registration offices Wednesday only at Pleasant Heights School, North Side fire station and the Louis - James Store on Mulberry St. in the East End. The hours for the branch offices will be 11 a. m. to 3 p. m. and 5 to 10 p. m., he said.

U.S. Aide Claimed

WASHINGTON (AP) — Francis Willard Calder, 63, a U.S. foreign service officer for 44 years, died Friday. He was second secretary and counsel in the American embassy in London.

Stevenson Hurls Blast At Gromyko

Explosive Cuban Issue Brought Up By Russian Aide

UNITED NATIONS, N.Y. (AP) —The United States and the Soviet Union accused each other of risking war over Cuba in a head-on clash Friday night before the General Assembly.

Soviet Foreign Minister Andrei A. Gromyko brought up the explosive Cuban issue in a 90-minute general policy speech delivered on the eve of a meeting with Secretary of State Dean Rusk, who is arriving in New York for a week's stay.

Gromyko accused the United States of aggressive acts toward Fidel Castro's regime and said a U.S. attack on Cuba would mean war.

U.S. Chief Delegate Adlai E. Stevenson, replying immediately, said the Soviet Union is threatening peace by supplying military aid to Cuba.

"We are not taking and will not take offensive action in this hemisphere, neither will we permit aggression in this hemisphere," Stevenson said.

"The threat to peace in Cuba comes not from the United States but from the Soviet Union. The threat arises from the extraordinary and unnecessary flood of Soviet arms and military personnel pouring into Cuba."

Gromyko said President Kennedy's Sept. 13 news conference statement on Cuba meant "that the United States is at liberty to mount military action against Cuba and that it will itself decide when to deem it necessary to start an invasion."

Already, he said, the United States is practicing aggressive acts against Cuba by providing arms and equipment to Cuban refugees for "pirate sorties" against their homeland. The United States does so, he said, because the Cuban system "is not to its liking."

"The United Nations will be killed if this policy prevails," he said.

But, said Gromyko, nowadays "states possess rocket nuclear weapons" and "the Soviet Union and the Socialist countries possess, at the least, the same means as the Capitalist countries."

"The Soviet Union," he declared, "believes it necessary to raise its voice in warning, and to draw the attention of members of the United Nations to the grave consequences which the policy practiced by the United States, in regard to the Republic of Cuba can have for the cause of peace . . ."

"An attack on Cuba would have implications about which the Soviet government warned the whole world in the well known statement issued on Sept. 11, 1962," Gromyko said.

Arraignment Slated For 23 Of Indicted

LISBON — Twenty - three persons indicted Sept. 13 by the Columbiana County Grand Jury will be arraigned Monday morning before Common Pleas Judge Raymond S. Buzzard.

Charges range from second degree manslaughter, armed robbery, burglary and larceny, auto theft and bad checks to non-support.

Criminal trials for those pleading innocent will begin Oct. 8, before Judge Buzzard.

Send Tanks To Keep Him In Power

Argentine Rebels Support Guido In Loyalty Charge

BUENOS AIRES (AP)—Loyal-
ties of Argentina's feuding mili-
tary factions turned topsy-turvy
overnight. Rebels who had been
fighting President Jose Maria
Guido's government sent a tank
column into battle in Buenos
Aires at dawn today to keep him
in power.
Machine gun fire rattled in ex-
change between the World War II
Sherman tanks and troops of
Gen. Juan Carlos Lario, erstwhile
supporter of Guido who split with
him and joined a navy move to
oust the president and install a
three-man military junta.
The clash came in Constitution
Plaza, site of one of the capital's
major railway terminals.
Previous actions had taken a
toll of six dead, of whom five
were civilians, and at least 28
wounded.
Frantic military and political
maneuvers had turned the tables
in the night.
The original rebels, headed by
Gen. Juan Carlos Ongania, now
called themselves the legalists.
With return of constitutional gov-
ernment as their continued aim,
they pledge to keep Guido in power
and insure elections for a new
government.
The loyalists, who had battled

with many words and occasional
shots for Guido through four days
of crisis, are now the rebels.
The navy, which had kept on the
sidelines, proposed a three-man
military junta to stop the drift
toward civil war.
Rebel leaders refused to attend
a top level meeting called to dis-
cuss the plan and said President
Jose Maria Guido was resisting
navy pressure to resign.
Political maneuvering continued
through the night as troops of
both the rebels and so-called loyal-
ists were deployed in the capi-
tal. Scattered clashes during the
rebellion, now in its fifth day,
have killed six persons, five of
them civilians.
The navy suggested early today
a cease-fire and that Guido be re-
placed by a junta made up of
Navy Rear Adm. Carlos Sanchez
Sanudo, Army Lt. Gen. Arturo
Ossorio Arana, and Air Force
Commodore Oscar Lentino.
Soon afterward the navy said
Guido had offered his resignation
to the Council of Admirals. But
Guido's secretary denied he was
quitting and a spokesman at the
rebel stronghold of Campo de
Mayo near Buenos Aires said the
president had notified them he in-
tends to remain at his post.
There was no immediate com-

ment from the navy on Guido's
reported refusal to resign.
The meeting of top leaders be-
gan at a heavily guarded build-
ing of the navy secretariat.
A rebel spokesman said their
leader, Gen. Juan Carlos Ongania,
turned down an invitation to at-
tend because he felt any such
meeting should be held at Campo
de Mayo.
Police said early today a sol-
dier died from bullet wounds suf-
fered in an exchange of fire be-
tween air force jets and loyalist
troops on a train near Moron Air
Base in the vicinity of Buenos
Aires.
A civilian bystander was the
first person reported dead from the
rebellion. He was hit in the
head by a ricocheting machine
gun bullet when rebel and loyal
forces exchanged fire for an hour
across the Riachuelo River out-
side Buenos Aires. At least one
other civilian and seven soldiers
were wounded in that clash.
Troop movements were particu-
larly active in the vicinity of
Government House, which Guido
left for his residence Friday.
The Grenadier Guards, rebel
sympathizers from the start, were
reinforced in their control of Gov-
ernment House by a tank and two
weapons carriers.

Negro Keeps Up Vigil

U.S. Presses New Effort To Cite Mississippi U.

OXFORD, Miss. (AP)—Negro
James H. Meredith kept up his
vigil of watchful waiting today as
the Justice Department prepared
another attempt to press a con-
tempt citation against University
of Mississippi officials.
U.S. Dist. Judge Sidney Mize
Friday cleared the chancellor,
dean and registrar of contempt
charges that followed after Gov.
Ross Barnett intervened and re-
fused to allow Meredith, 29, to en-
roll.
Mize, who had turned down
Meredith's petition for an admis-
sion order three times until he
was told to grant it by an appeals
court, ruled that the board of
trustees—not the three defendants—
held sole power to admit Mere-
dith.
The 13 members of the State
College Board—in effect, the
board of trustees for all Missis-
sippi institutions of higher learn-
ings—are scheduled to appear in
New Orleans Monday on the same
contempt charges.
Three judges of the 5th U.S. Cir-
cuit Court of Appeals will hear

the case. Former Gov. J. P. Cole-
man will defend some board
members.
Although classes started Friday
at Ole Miss, there were still two
days of registration left—today
and Monday. But plans of the Air
Force veteran have not been dis-
closed. Nor were his whereabouts
known.

Head-On Clash In U.N.

U.S. And Soviet Accuse Each Other Of War Plot

Allies' Cuts In Shipping Due Cuba

Cooperation Seen In U.S. Drive To Curtail Red Aid

WASHINGTON (AP)—The
United States appears to be mak-
ing headway in its drive to get
Allied cooperation in cutting down
Communist shipping to Cuba.
The West German government
has agreed to take steps to pre-
vent its shipowners from putting
German flag vessels under Soviet
charter.
And there is hope that Britain,
Norway and other North Atlantic
Treaty Organization Allies whose
ships have sailed for the Russians
in the Cuban buildup will also co-
operate.

Britain, Norway and West Ger-
many are each believed to have
a dozen ships engaged in the Com-
munist effort to beef up the Red
outpost in the Caribbean.

The United States—arguing that
the Cuban situation is an extreme-
ly serious problem—has pressed
its Allies to deny shipping to the
Soviet bloc.

American officials say the Rus-
sians have been using their own
ships to carry arms and military
personnel to Cuba. The chartered
vessels have brought in food and
industrial equipment designed to
bolster Prime Minister Fidel Cas-
tro's wheezing economy.

First word of the West German
move came in a House speech
Friday by Rep. Paul G. Rogers,
D-Fla.

"I hope the action of the West
German government will be im-
mediately adopted and implement-
ed by the other NATO allies and
friends," he said.

Rogers told the House that
friendly merchant ships have been
transporting goods to Cuba, then
loading up with cargoes at U.S.
ports for "profitable return trips."

Said Rogers: "This situation in
effect had the United States help-
ing to support a portion of the
Soviet-Cuban buildup contrary to
the best interests of our nation."

Meanwhile, the Cuban caldron
still boiled on Capitol Hill.
House leaders slammed the door
on any toughening up of the con-
gressional "fight if - necessary"
declaration on Cuba.

Some members had demanded
stronger and more specific lan-
guage and action. But the Rules
Committee Friday barred amend-
ments when the resolution comes
up for a House vote Wednesday.

Thus the House will act on the
same resolution passed Thursday
by the Senate, which declared
U.S. determination to use what-
ever means are needed to prevent
Communist aggression from Cuba.

On Berlin Situation

Mr. K Hints He Might Like Talk With Kennedy

WASHINGTON (AP)—Soviet
Premier Khrushchev reportedly
hinted to foreign visitors recently
that he might like to have a talk
with President Kennedy on the
Berlin situation late this year.
U.S. officials are cool to such
a meeting because of the danger
that sharp disagreement at the
summit level would inflame East-
West tensions.

There has been speculation in
diplomatic quarters that Khrush-
chev may decide to attend some
sessions of the U.N. General As-
sembly in New York in late No-
vember. Well informed diplomats
now believe that if he does, his
purpose will be not only to appear
in the assembly but to create an

opportunity for a meeting with
Kennedy.

In such circumstances, it is
said, the President undoubtedly
would see Khrushchev as he might
see any other government leader
who came to the United Nations.
But on the U.S. side nothing is
being done to encourage Khrush-
chev to make the trip.

Secretary of State Dean Rusk
flies to New York this afternoon
for a round of conferences with
various foreign ministers attend-
ing the U.N. General Assembly.
He is to see Soviet Foreign Min-
ister Andrei Gromyko on Tuesday.
Berlin, disarmament and Cuba are
prospective subjects of discussion.
The revived talk of a Khrush-

chev trip to the United States will
be in the background of the Rusk-
Gromyko meeting, but whether
the Soviet minister will put out
any more feelers is uncertain. So
far as Western authorities are
able to judge, Khrushchev himself
has not yet made any final deci-
sion on the moves he intends to
make with respect to Berlin.

Rusk is expected to emphasize
anew that the United States, Brit-
ain and France, as the occupation
powers in West Berlin, have no
intention either of negotiating on
their right to be there, or agree-
ing to accept Soviet forces along-
side Western forces while Western
forces have no role in Soviet-con-
trolled East Berlin.

DiSalle Calls For Blueprint Of Progress

Ohio's Democratic Convention Hears Kennedy 'Keynote'

COLUMBUS, Ohio (AP)—Gov.
Michael V. DiSalle called on the
Democratic state convention to
adopt a platform today that would
be a blueprint for Ohio progress.
Some 2,000 delegates and party
leaders turned to platform and
other convention business after
President Kennedy gave the key-
note address by telephone from
Newport, R.I.

Approximately 1,100 dinners at
\$25-a-plate fund - raising banquet
heard the President speak Friday
night over a public address sys-
tem in Veterans Memorial here.

He substituted for Vice Presi-
dent Lyndon B. Johnson after a
schedule snarl prevented the Tex-
an from attending the two-day
convention.

After criticizing the recently
adopted Republican state plat-
form as full of contradictions and
a "complete repudiation of their
own candidate for governor," Di-

Salle expressed the hope that the
Democratic platform would be
sound in principle and capable of
achievement; clarify rather than
confuse.

Adoption of the party platform
was the final convention business
at a session scheduled to start at
2 p.m. EST.

Speakers Friday night besides
Kennedy and DiSalle included
Lausche, U.S. Sen. Stephen M.
Young and State Chairman Wil-
liam L. Coleman.

Candidates for state offices and
congressional seats were intro-
duced along with party leaders.

Richard D. Kennedy of Cleve-
land, the party's nominee for
congressman-at-large, boycotted
Friday night's banquet but told
newsmen he might attend some
final day sessions.

The Cleveland real estate man
has been criticized by DiSalle and
other party leaders for his civil
rights views. Speculation indicat-
ed he might be denied party
headquarters backing in the cam-
paign if he failed to support a
proposed civil rights platform
plank.

Gun Powder Truck Rams Auto, 3 Hurt

Cumberland Area Driver, Wellsville Passenger Injured

A van-type truck hauling ex-
plosives rammed the side of a
car, injuring the driver and hos-
pitalizing two passengers, Friday
night about 9:30 at the intersec-
tion of 17th and Commerce Sts.,
Wellsville.

Police said the car driven by
William Travis, 22, of 1229 Clo-
ver St., Wellsville, pulled from
17th St. onto Commerce and was
struck broadside by the truck
driven by Russell Lichtle of New
Castle.

The impact drove the car
against a utility pole. The car
was demolished. Damage to the
truck was confined to the bumper
and fenders.

Travis was treated at City Hos-
pital for lacerations and contu-
sions of the lower lip.

Two teen-age girls in the car
were admitted to the hospital and
are in "good" condition today.
They are Sylvia Jenrett, 17,
daughter of Mack Jenrett, 1241
Chaffin St., who suffered abrasions
of both legs and Frances
Turner, 16, daughter of Mrs.
Frank Dandridge, 365 Briar Ln.,
who suffered abrasions of the left
leg and hip and contusions of the
head and neck.

Travis was cited for driving
without an operator's permit. He
will receive a hearing before May-
or William Daugherty at Well-
sville.

Police said Lichtle was hauling
gun powder used in artillery
pieces.

USW Rejects Assessment Of Dues Plan

MIAMI BEACH, Fla. (AP)—
United Steelworkers of America
looked ahead today to possible
1963 wage negotiations without the
benefit of an additional war chest
requested by its officers.

The union rejected a dues as-
sessment proposal Friday in an
uproarious closing session of its
11th constitutional convention.

The vote after a noisy debate
marked by catcalls and interrup-
tions and demands for order by
president David J. McDonald was
1,532 to 1,454.

Rejected was a proposed
amendment empowering the ex-
ecutive committee to levy up to \$5
monthly against members if the
union's treasury drops below \$20
million. It stands at \$21,812,076,
a skid from \$27,300,000 two years
ago and \$32 million at start of
1959.

McDonald, visibly disappointed
after the vote, promised to take
any economy measure needed to
remain in the black, even staff
decreases.

Steelworkers still can be as-
sessed up to \$5 monthly during
contract reopening negotiations
and two months thereafter.

2 Hurt When 'Drag Racing' Sedan Upsets

Cumberland Area Driver, Wellsville Passenger Injured

A New Cumberland area driv-
er and a passenger from Well-
sville were injured when their car
overturned while drag racing on
Route 30 near Chester Friday
night at 11:30, Hancock County
sheriff's deputies reported.

Deputies said George Mull, 24,
of R.D. 2 was driving west on
Route 30 at a "very high rate of
speed" when he lost control and
struck a concrete post and sign
and the car upset.

Mull was following a black se-
dan when his car began "fish-
tailing," deputies said. The lead
car failed to halt after the mishap
near the Route 2 intersection at
the summit of the Chester Hill,
deputies added.

Mull is in "good" condition at
City Hospital with abrasions of
the left leg, while a passenger,
Kenneth Murphy, 19, of Wellsville,
is also in "good" condition with
a fractured right leg. Carl Mob-
ley of Wellsville, who was riding
in the rear seat, escaped unhurt,
the sheriff's office reported.

The New Cumberland driver
had been following the other car
too closely, hitting his brakes,
swerving to the right side of the
highway, and overturning, depu-
ties explained.

Mull was charged with reck-
less driving, driving while intox-
icated, and driving without a reg-
istration card, the sheriff's office
said.

13 Register To Vote With Deadline Near

Only 13 East Liverpool residents
have registered to vote in the
Nov. 6 general election since
Thursday, boosting the total qual-
ified voters in the city to 10,057,
the County Election Board said
today.

Unqualified voters were remind-
ed by the board its office on W.
6th St. will be open 12 continuous
hours from 9 a. m. to 9 p. m.
on Monday and Tuesday and un-
til 10 p. m. on Wednesday, the
deadline to register.

Frank R. O'Hanlon, clerk, also
explained the board will operate
branch registration offices Wed-
nesday only at Pleasant Heights
School, North Side fire station and
the Louis - James Store on Mul-
berry St. in the East End. The
hours for the branch offices will
be 11 a. m. to 3 p. m. and 5 to
10 p. m., he said.

Stevenson Hurls Blast At Gromyko

Explosive Cuban Issue Brought Up By Russian Aide

UNITED NATIONS, N.Y. (AP)—
The United States and the Soviet
Union accused each other of risk-
ing war over Cuba in a head-on
clash Friday night before the
General Assembly.

Soviet Foreign Minister Andrei
A. Gromyko brought up the ex-
plosive Cuban issue in a 90-minute
general policy speech delivered on
the eve of a meeting with Secre-
tary of State Dean Rusk, who is
arriving in New York for a week's
stay.

Gromyko accused the United
States of aggressive acts toward
Fidel Castro's regime and said a
U.S. attack on Cuba would mean
war.

U.S. Chief Delegate Adlai E.
Stevenson, replying immediately,
said the Soviet Union is threaten-
ing peace by supplying military
aid to Cuba.

"We are not taking and will not
take offensive action in this hemi-
sphere, neither will we permit ag-
gression in this hemisphere,"
Stevenson said.

"The threat to peace in Cuba
comes not from the United States
but from the Soviet Union. The
threat arises from the extraordi-
nary and unnecessary flood of So-
viet arms and military personnel
pouring into Cuba."

Gromyko said President Kenne-
dy's Sept. 13 news conference
statement on Cuba meant "that
the United States is at liberty to
mount military action against
Cuba and that it will itself decide
when to deem it necessary to start
an invasion."

Already, he said, the United
States is practicing aggressive
acts against Cuba by providing
arms and equipment to Cuban re-
fugees from "pirate sorties" against
their homeland. The United States
does so, he said, because the
Cuban system "is not to its lik-
ing."

"The United Nations will be
killed if this policy prevails," he
said.

But, said Gromyko, nowadays
"states possess rocket nuclear
weapons" and "the Soviet Union
and the Socialist countries pos-
sess, at the least, the same means
as the Capitalist countries."

"The Soviet Union," he de-
clared, "believes it necessary to
raise its voice in warning, and to
draw the attention of members of
the United Nations to the grave
consequences which the policy
practiced by the United States, in
regard to the Republic of Cuba
can have for the cause of
peace..."

"An attack on Cuba would have
implications about which the So-
viet government warned the whole
world in the well known statement
issued on Sept. 11, 1962," Gromy-
ko said.

Lions Panel Airs Industry's Rights

Industry has a right to expect a community to allow it to make a profit and to offer reasonable taxes, a favorable labor attitude, a pool of skilled labor and good transportation facilities, a panel of three industrialists told an overflow crowd at the Lions Club meeting Friday afternoon at the Travelers Hotel.

The panelists were T. H. Kashuba, president of T-K Roofing Manufacturing Co. of Chester; John T. Hall, president of the Hall China Co., and William Barker, general manager of Patterson Foundry & Machine Co. Robert E. Boyce, president of the First National Bank, was the moderator.

THE SAME men will participate in a similar program Friday noon when the discussion will center on what a community can expect from industry.

Yesterday's program was one in a series of three arranged by Dr. Myer Alpern, program chairman who also is chairman of the Chamber of Commerce's industrial development committee. The series started Sept. 7 with a discussion on the possibilities of setting up an industrial development group.

Kashuba said reasonable taxes and the labor attitude are the greatest factors in maintaining existing industry and attracting new companies.

The prosperity and well-being of a community are dependent on job opportunities, he said. "Strip away the slogans and fancy brochures and it's simply a matter of profits."

A COMMON notion that all one has to do to make money is to start a business is not true, Kashuba continued. "Under competitive conditions today, it's easy to have losses; profits are hard to make."

Corporation taxes are one of the main problems, the president of the Chester firm said, explaining companies are allowed to keep only 48 cents of each dollar after the risk has been taken and if they can manage to show a profit.

"Industry is willing to pay a fair share," he declared, but pointed out West Virginia now is seriously considering a state corporation tax which could further reduce profits.

"West Virginia is in bad shape and needs new industries but now officials are discussing another tax," he said.

THERE'S also been some talk of imposing a federal tax on river shipments, Kashuba declared, urging members of the audience to protest.

"The very existence of T-K depends on river transportation," he said, pointing out it receives raw materials by water transportation. "Such a tax would seriously hurt every industry and every community along the river."

A constructive labor attitude is another factor which industry has a right to expect.

"Unreasonable labor demands can make an industry non-competitive and hurt employees rather than help them," he declared.

Barker, who has been associated with the East End manufacturer under three owners, agreed taxes and the labor attitude are essential. "Shrinking profits are one of the greatest concerns in the country today."

BUT INDUSTRIES eyeing relocation also look to the accessibility of raw materials and transportation facilities, he pointed out.

Although Patterson's does not depend upon water shipments to receive raw materials, East Liverpool is blessed with cheap river transportation, Barker said. However, the city is in an out-of-the-way location geographically as far as other transportation forms are concerned, he pointed out.

Local trucking concerns have been of great benefit to Patterson's, he continued, explaining the firm receives shipments from all parts of the country. "Transportation definitely is one of our problems," he said, pointing out multiple hauls are required sometimes and shipments are delayed.

THE EAST END concern has noted a drastic shrinkage of skilled labor and has found it difficult to secure good machinists, draftsmen, engineers and technicians, Barker said.

In relocating, industries also must consider the attitude of local government, law enforcement agencies and courts to be certain their property will be adequately protected in event of disturbances.

Relations in some parts of the country between industry and local government are "very strained," he said, adding that some law enforcement officers are "very reluctant" to step in and protect property.

Banking facilities also should be available so that industries can borrow funds at low rates on a long-term plan finance expansion.

A favorable attitude toward industry by residents of a community is a necessity, Hall said. A community should encourage its industries rather than be apathetic toward them, he declared.

"THE APATHY never was more noticeable than after the announcement that the Edwin M. Knowles China Co. might liquidate," Hall said. Many people seemed to have the attitude such a move was expected, he said.

"When a firm is forced to quit, it's a tragedy for a community," the pottery official said, adding that he does not believe the community attitude was a factor in Knowles' decision.

"But industry has feelings like an individual. It likes to feel that it is important to the community and that it belongs. Attitude is intangible but for industry to grow citizens must encourage it."

Hall pointed out industry also requires modern highways for employees to reach work, high level living conditions with an adequate number of supporting establishments, trained personnel and facilities to train others.

"PAUL HARVEY was critical of our city. Some of his allegations were true; some were not.

"We're proud of our hospitals, our churches, our schools, labor groups, Chamber of Commerce and service clubs. With a little more enthusiasm, we can have modern roads, improve the city's appearance and develop pride in the city and its industries and can create a climate favorable to new industry," Hall concluded.

Following the remarks of each panelist, a question-and-answer period was held.

Asked if industry would favor a wage tax, Kashuba replied industry would have no quarrel because it realizes the city must provide services. Industry wants water facilities and police and fire protection.

Kashuba said his objection is to a corporate income tax.

"A NEW industry has to consider what it will have left. Ev-

ery one in this room is a partner in effect when an industry makes a \$1 because their government receives 52 cents of it.

"When a decision is made to relocate, one of the factors is that they won't have to pay the extra tax in the new location. Don't put industry at a disadvantage before it even makes a profit!"

In response to a question about the attitude of local citizens, Barker commented the community "hasn't done anything to scare away existing industry but its efforts to attract new industry have been short."

East Liverpool doesn't have all the advantages other areas have, he said, explaining brochures from areas seeking new industries offer "fantastic deals," including free taxes for 10 to 15 years and free land.

"NOT ALL OF the fantastic deals come from Southern states, either," he said, declaring Western Pennsylvania and New York State have been very active.

"In most cases, industry isn't interested in moving because it's an expensive proposition. They say one way to kill an industry is to move it. But it's hard to discard attractive offers."

Asked what effect construction of a proposed canal linking Lake Erie and the Ohio River would have on East Liverpool as a desirable industrial location, Kashuba said it was his personal opinion that it would be "a tremendous boost" and make the area between Cleveland and East Liverpool "a Ruhr Valley."

One of the things the area lacks is good industrial sites and a canal would open up a vast area, he said.

BARKER SAID Patterson's now is building a conical blender 17 feet in diameter and some have been as large as 23 feet in diameter.

It is advantageous to ship the blenders in one piece and a canal would be a great advantage. However, he reiterated that the East End firm does not depend on water transportation for raw materials.

James Johnston, Lions president, presided.

Guests included city officials, officers of the International Brotherhood of Operative Potters, Chamber members, representatives of financial institutions and members of Rotary and Kiwanis Clubs along with eight East Liverpool High School students.

District Governor To Visit Rotary Club Here Tuesday

William J. Hagenlocher of North Canton, governor of District 665, will make an official visit to the Rotary Club at Tuesday's noon luncheon meeting in the Travelers Hotel.

In addition to addressing city Rotarians, the district governor will confer with Sidney C. Porter Jr., president, and other club officers on Rotary administrative matters and service activities.

The local club is one of 37 in Hagenlocher's district. As a Rotary governor, he is serving on a global team headed by Nitish C. Laharry of Calcutta, India, president of Rotary International.

Hagenlocher is a field engineer for the Portland Cement Association and a member and past president of the North Canton club.

He was elected to his present post for 1962-63 at Rotary's 53rd annual convention in Los Angeles last June. He is one of 271 district governors responsible for supervising the activities of more than 11,200 clubs with 524,000 members in 128 countries.

He has been active in church and community affairs in North Canton and is a trustee of the Public Library. A graduate engineer from Carnegie Tech, he is registered as a professional engineer in Ohio and is a member of Ohio and National Societies of Professional Engineers.

Hagenlocher will meet with Porter and Harold B. Barth, secretary, at 10:30 a. m. and also preside at the club assembly at 1 following the noon meeting.

Talented Student Program Of Midland School Outlined

Results of a program designed for talented students in Midland schools were discussed in a report today by Supt. Ralph H. Jewell, who appointed a committee of three teachers, Miss Karen Oberg, Miss Margorie Lovejoy and William Hokman, to study this group.

According to the committee, in the elementary schools some effort at enrichment by individual teachers has been made in an incidental fashion. Reading groups are ranked so as not to hinder the faster readers.

At the secondary level, there has been formal programming to aid those pupils preparing for college. There is an accelerated course in advanced mathematics for 12th Grade pupils and some attempts made at homogeneous and interest grouping.

Students may choose either college preparatory English or general English in senior high school and students may choose either college preparatory chemistry or general chemistry.

Some informal enrichment is being attempted by teachers throughout the secondary school through differentiated library assignments, projects and individual experiment and activities of a more advanced nature.

This year an innovation has been made in the junior high school curriculum. Accelerated seventh grade students will cover seventh and eighth grade mathematics and history in one year.

Students in the eighth grade, with a general average of 85 or above, have been placed in an accelerated group. They have Algebra 1 and civics, formerly ninth grade subjects, and may

elect French. Their schedule permits only one period of reading per week.

Attaining an average of 85 or above, students in ninth grade may select French or Latin. Biology and typing, formerly senior high subjects, are also offered.

The full schedule of the accelerated eighth and ninth graders prohibits a full year of music and art. Consequently, they receive one semester of each.

Lions Panel Airs Industry's Rights

Industry has a right to expect a community to allow it to make a profit and to offer reasonable taxes, a favorable labor attitude, a pool of skilled labor and good transportation facilities, a panel of three industrialists told an overflow crowd at the Lions Club meeting Friday afternoon at the Travelers Hotel.

The panelists were T. H. Kashuba, president of T-K Roofing Manufacturing Co. of Chester; John T. Hall, president of the Hall China Co., and William Barker, general manager of Patterson Foundry & Machine Co. Robert E. Boyce, president of the First National Bank, was the moderator.

THE SAME men will participate in a similar program Friday noon when the discussion will center on what a community can expect from industry.

Yesterday's program was one in a series of three arranged by Dr. Myer Alpern, program chairman who also is chairman of the Chamber of Commerce's industrial development committee. The series started Sept. 7 with a discussion on the possibilities of setting up an industrial development group.

Kashuba said reasonable taxes and the labor attitude are the greatest factors in maintaining existing industry and attracting new companies.

The prosperity and well-being of a community are dependent on job opportunities, he said. "Strip away the slogans and fancy brochures and it's simply a matter of profits."

A COMMON notion that all one has to do to make money is to start a business is not true, Kashuba continued. "Under competitive conditions today, it's easy to have losses; profits are hard to make."

Corporation taxes are one of the main problems, the president of the Chester firm said, explaining companies are allowed to keep only 48 cents of each dollar after the risk has been taken and if they can manage to show a profit.

"Industry is willing to pay a fair share," he declared, but pointed out West Virginia now is seriously considering a state corporation tax which could further reduce profits.

"West Virginia is in bad shape and needs new industries but now officials are discussing another tax," he said.

THERE'S also been some talk of imposing a federal tax on river shipments, Kashuba declared, urging members of the audience to protest.

"The very existence of T-K depends on river transportation," he said, pointing out it receives raw materials by water transportation. "Such a tax would seriously hurt every industry and every community along the river."

A constructive labor attitude is another factor which industry has a right to expect.

ery one in this room is a partner in effect when an industry makes a \$1 because their government receives 52 cents of it.

"When a decision is made to relocate, one of the factors is that they won't have to pay the extra tax in the new location. Don't put industry at a disadvantage before it even makes a profit!"

In response to a question about the attitude of local citizens, Barker commented the community "hasn't done anything to scare away existing industry but its efforts to attract new industry have been short."

East Liverpool doesn't have all the advantages other areas have, he said, explaining brochures from areas seeking new industries offer "fantastic deals," including free taxes for 10 to 15 years and free land.

"NOT ALL of the fantastic deals come from Southern states, either," he said, declaring Western Pennsylvania and New York State have been very active.

"In most cases, industry isn't interested in moving because it's an expensive proposition. They say one way to kill an industry is to move it. But it's hard to discard attractive offers."

Asked what effect construction of a proposed canal linking Lake Erie and the Ohio River would have on East Liverpool as a desirable industrial location, Kashuba said it was his personal opinion that it would be "a tremendous boost" and make the area between Cleveland and East Liverpool "a Ruhr Valley."

One of the things the area lacks is good industrial sites and a canal would open up a vast area, he said.

BARKER SAID Patterson's now is building a conical blender 17 feet in diameter and some have been as large as 23 feet in diameter.

It is advantageous to ship the blenders in one piece and a canal would be a great advantage. However, he reiterated that the East End firm does not depend on water transportation for raw materials.

James Johnston, Lions president, presided.

Guests included city officials, officers of the International Brotherhood of Operative Pottery, Chamber members, representatives of financial institutions and members of Rotary and Kiwanis Clubs along with eight East Liverpool High School students.

District Governor To Visit Rotary Club Here Tuesday

William J. Hagenlocher of North Canton, governor of District 865, will make an official visit to the Rotary Club at Tuesday's noon luncheon meeting in the Travelers Hotel.

In addition to addressing city Rotarians, the district governor will confer with Sidney C. Porter Jr., president, and other club officers on Rotary administrative matters and service activities.

The local club is one of 37 in Hagenlocher's district. As a Rotary governor, he is serving on a global team headed by Nitish C. Lahary of Calcutta, India, president of Rotary International.

Hagenlocher is a field engineer for the Portland Cement Association and a member and past president of the North Canton club.

He was elected to his present post for 1962-63 at Rotary's 53rd annual convention in Los Angeles last June. He is one of 271 district governors responsible for supervising the activities of more than 11,200 clubs with 524,000 members in 128 countries.

He has been active in church and community affairs in North Canton and is a trustee of the Public Library. A graduate engineer from Carnegie Tech, he is registered as a professional engineer in Ohio and is a member of Ohio and National Societies of Professional Engineers.

Hagenlocher will meet with Porter and Harold B. Barth, secretary, at 10:30 a. m. and also preside at the club assembly at 1 following the noon meeting.

Talented Student Program Of Midland School Outlined

Results of a program designed for talented students in Midland schools were discussed in a report today by Supt. Ralph H. Jewell, who appointed a committee of three teachers, Miss Karen Oberg, Miss Margorie Lovejoy and William Hokman, to study this group.

According to the committee, in the elementary schools some effort at enrichment by individual teachers has been made in an incidental fashion. Reading groups are ranked so as not to hinder the faster readers.

At the secondary level, there has been formal programming to aid those pupils preparing for college. There is an accelerated course in advanced mathematics for 12th Grade pupils and some attempts made at homogeneous and interest grouping.

Students may choose either college preparatory English or general English in senior high school and students may choose either college preparatory chemistry or general chemistry.

Some informal enrichment is being attempted by teachers throughout the secondary school through differentiated library assignments, projects and individual experiment and activities of a more advanced nature.

This year an innovation has been made in the junior high school curriculum. Accelerated seventh grade students will cover seventh and eighth grade mathematics and history in one year.

Students in the eighth grade, with a general average of 85 or above, have been placed in an accelerated group. They have Algebra 1 and civics, formerly ninth grade subjects, and may

elect French. Their schedule permits only one period of reading per week.

Attaining an average of 85 or above, students in ninth grade may select French or Latin. Biology and typing, formerly senior high subjects, are also offered.

The full schedule of the accelerated eighth and ninth grades prohibits a full year of music and art. Consequently, they receive one semester of each.

A hearing will be held today or tonight for Mrs. Agnes Van Dyke, 383 Midland Ave., Midland, on a charge of disorderly conduct as a result of the stabbing of William Cockrell, 110 4th St., Tuesday afternoon at her apartment, using a broken water glass.

The hearing will be held before Justice of the Peace George Griffin. He said Cockrell, who was released Friday from Rochester General Hospital, decided not to prefer charges but police accused her of disorderly conduct. She was released from jail Friday afternoon on \$50 bond.

Police said Cockrell did not press charges when Mrs. Van Dyke cut him with a knife previously.

4 Youths Hurt In Auto Upset

Four teenagers were injured when their car overturned on Route 154 — the Rogers-Elkton Rd. — about five miles east of Lisbon Friday about midnight.

The Lisbon State Highway Patrol said a car driven by James R. Higgins Jr., 19, of Negley R. D. 1 failed to negotiate a curve and went off the right side of the highway. The car then swerved left, rolled over and slammed into an embankment.

Higgins suffered lacerations above the left eye, lower jaw and right forehead and bruised left knee. He was treated at Salem City Hospital.

Three passengers were treated at City Hospital here. They were Carl Kearns, son of Mrs. Sarah Kearns of Negley, who suffered a laceration of the chin and scalp; Gary Grossen, 18, of Negley R. D. 1, who has a possible fractured nose, and James Moffitt, 16, son of James Moffitt of Negley, who was treated for contusions of the left jaw.

Officers said the accident still is under investigation.

No one was injured in a side-swiping crash on County Rd. 416 just north of Leetonia at 11:55 p.m. Friday, officers said. The cars were driven by Cynthia Painter, 16, of Leetonia R.D. 1 and Kenneth Holwick, 19, of Salem.

Stout, Secure And Exultant

The Kennedy administration is doing a first-rate job of fooling the American people about the gravity of Cuba.
Politicians of both parties are doing their best to put a gloss on a situation so raw it makes them want to close their eyes. They are adopting pious resolutions and issuing ringing declarations.
Everybody who is inclined for one reason or another to conceal from himself and from his countrymen what he feels in his heart to be true about Cuba is looking for a good face to put on the situation there.
This is human nature.
It is the age-old practice of apologetics, which in foreign affairs has more often been called appeasement.
The idea is to evade the brutal truth — to conceal what is by pretending it doesn't exist.

THOSE WHO think this way are fooling the American people.
But they aren't fooling Communists entrenched in Cuba.
They aren't fooling Communists anywhere, because all Communists either study or are aware of dialectics — the art of tying up an opponent in mental confusion by drawing him into argumentation over nonexistent issues.
Communists cannot be fooled by apologetics and dialectics. These are tricks they use to fool other people.
What are the plain facts about the Cuban problem?

A Decision Made By Events

The final word of British Commonwealth spokesmen on Prime Minister Macmillan's project for leading Britain into the European common market showed the hopelessness of the Commonwealth position.
"We cannot stop you from doing this thing," the spokesmen told the prime minister, in effect, "but if you do it the Commonwealth will suffer and you will lose it."
One thought not expressed in this hopeless summation was so fatalistic it didn't need to be mentioned—that Britain could not stop itself from going into the European common market, either. France and West Germany could stop it, and might do so. But granted their consent, Britain can no more stay out of the European common market than it can stay out of the yellow fogs that will sweep over it next spring.
Separation was created centuries ago when Britain, though it had evolved a pattern of civilization that made it compatible with the

Cooperative Advertising In Danger

Administrative agencies of the federal government, never distinguished for their friendliness to the business community, continue to erode what little confidence in government controls remains.
Currently it is the Federal Trade Commission, which has created an atmosphere of uncertainty and fear which threatens to disrupt the well-established relationships between manufacturers and retailers in the apparel industry.
It has long been the practice of manufacturers of apparel and other consumer goods to grant advertising allowances to their retail distributors.
In fact, there can be little doubt that cooperative advertising plays an important part in the development of local markets and the success of mercantile establishments.

SECTION 2 of the Robinson-Patman Act, enacted in 1936 to eliminate price discrimination, establishes three standards for admissible cooperative advertising plans:
1. The plans must be available to all customers.

Dear Nephew: You keep asking me why I don't worry more and I keep telling you I don't have any worry to spare on your global topics. I use my worry capacity on things I can do something about.
This does not satisfy you, however, so once more I'll try to set you straight. It's like this:
Everything terrifying that could happen in a lifetime has been tried out on me, either as an idea or a practice. The ideas were worse than the practices, but none of them ever materialized.
It was when I understood that a man only dies once that I quit worrying about things I could do nothing about and concentrated on things within my jurisdiction.
There aren't many of these. For example, I can do something about averting ingrown toenails if I show genuine concern, as our President says, and I have worried about this all my life. I have had only one mishap.
But I can do nothing about ingrown toenails. I can do nothing about making my own little patch of this earth as pretty as I can make it. But I can do nothing about improving the appearance of a distant place I never saw. So I don't worry about it.
I can't do anything about contamination of the atmosphere by people who cause atomic explosions. But I can keep from contaminating the atmosphere in my own neighborhood and to that end I've always been careful about smoke control and trash burning.
Have I shown you the difference between

1. The United States cannot enforce the Monroe Doctrine, because its Latin American agreements on mutual consent have barred unilateral action against European trespassers in the New World.
2. The United States is conceding that Cuba already is under Communist control and nothing will be done about it but the Communists had better not go any further than Cuba or there will be trouble. If this isn't a source of mirth in the Kremlin, the Khrushchev sense of humor must not have infected that busy place.
3. The United States is both the victim and the beneficiary of a form of government which keeps it from reacting violently to violence. It must wait for some overt military action before it can justify a strong military reaction.
4. The United States is practicing appeasement against its will, just as Britain was taken advantage of by a ruthless expansionist in the '30s.

THE BITTER TRAGEDY is that so many public figures are taking a hand in fooling the American people. Their time and skill might be put to better use in telling the American people that Cuba has been worse than Pearl Harbor, where the enemy hit and ran.
Communists now are in Cuba to stay — stout, secure and exultant in an enclave 90 miles from the continental United States.

patterns on the Continent, was dependent for security on the English Channel.
The channel barrier was leveled July 25, 1909, when Louis Bleriot flew a crude air plane across the English Channel and erased it as a geographic obstacle. In World War I and World War II Britain was as accessible to airplanes as any other part of Europe. It was the staging area for the great invasion that decided the outcome of World War II. It was European as truly as if the English Channel had dried up.
Before the end of the 20th century, Britain and the Continent will be linked by tunnels under the Channel. And long before that engineering feat can be accomplished, Britain and the Continent will be linked by Common Market agreements.
The decision has been made by events. The rationalization of the decision now must be made by men reluctant to admit the power of decision does not lie in their hands.

2. Their availability must be made known to all customers.
 3. Compensation must be offered on "proportionally equal terms."
- The first two grounds for admissibility are clear, but the third is ambiguous and never has been adequately clarified.
In an effort to enforce the third, the FTC has asked a large number of firms in the apparel field to consent to cease-and-desist orders.
The firms, however, are fearful that if they consent to desist from practices which have not been adequately specified, they will expose themselves to charges of violating the law.

RETAILERS have asked the FTC to arrange an industry conference to discuss the problems of cooperative advertising. The request was denied.
As a result, the future of cooperative advertising is beclouded by uncertainty.
Manufacturers and retailers are not interested in violating the law. They simply want to know what the ground rules are. And who should be better qualified to define them than the agency which enforces the law—the Federal Trade Commission?

By Truman Twill

your global worrying and the kind of worrying I do?
People worry about Khrushchev. Not me. There's nothing I can do about Khrushchev. But there is something I can do about the people who represent me in dealings with Khrushchev. I can tell them every chance I get that this man is a ruthless opportunist with his mind set on a single goal and they should never negotiate with him.
Sweet reasonableness has no effect on the Khrushchevs of this world. I could only wish we had someone as hard-nosed as him to call our signals. We don't, though, and that's something else I can't worry about.
As you know, I do worry. Your aunt thinks I worry too much. She says I make too much of trivialities. It's possible I'd be better off if I passed up my piddling provincial worries and concentrated on the big global stuff.
But I'm not made that way. I'd make a mess of it. I'd let my toenails grow and neglect the shrubbery. I might turn into one of those freaks who worry so much about the hereafter they have no time to comb their hair right and clean their nails right here.
You stick to your global worrying if it makes you feel good and I'll stick to my microcosmic concerns. They're all I can handle.
I can't ever lose a night's sleep over the Van Allen radiation belt or what happened to the copper needles our cosmos-nuts shot into space.
Regards to the family.

The Commonplace Loses Its Magic

WHEN FOREIGN AID WAS YOUNG—

U.S. Cargoes Seen Aiding Reds

By Victor Riesel

Marshal Tito has not sufficiently revised his communism to make him allergic to earning a capitalist profit. He is making money out of both sides in the cold war.

There now is specific evidence—names of ships, dates of sailings, types of cargoes, ports of call—to prove that Yugoslav vessels are alternately making money from us and then running precious loads for Cuba, China and the Soviet Union.

There is, for example, "His Excellency's" motor ship the "M. V. Drzic." I will log here its sentimental journey from a Soviet Black Sea port to Cuba, then on to the United States and back to European waters with a American cargo. Thus it alternately serves the Khrushchev-Castro Axis and the United States at this critical moment.

On July 21 the M. V. Drzic loaded grain at Novorossiysk. It steamed off for Cuba. The vessel hove into Havana on Sept. 5. After unloading it put out for Houston.

THERE ITS PAPERS called for picking up flour. This flour is "U.S. government-generated" cargo. Under Public Law 480 the shipment is part of our foreign aid program. The flour is eventually destined for the United Arab Republic.

This ship could be blacklisted by our State Department. Such action would not interfere with our international program. It would, in fact, aid the United States by giving the business to the American merchant marine.

This would help our shippers and, hardly incidentally, make much needed jobs for our seafarers now "on the beach."
If the United Arab Republic objects, Col. Nasser can be told bluntly we prefer not to deal with vessels also serving the nation which is harassing the free world in Berlin and making an island fort out of Cuba.

Or we could remind the U.A.R. president that his nation now blacklists American vessels which do business with Israel, thus closing the Suez Canal to such traffic.
Lest you think the "M. V. Drzic" is a loner, I'll now log the Yugoslav ship, "S. S. Milet." On July

7, it sailed from Galveston with another government-generated aid cargo — also flour. Also for the United Arab Republic. After emptying its hold in Alexandria, it reversed course to Cuba.

THERE IT LOADED heavy tonnage of sugar. This was consigned to — Yugoslavia.

This is even more significant. It means that the Tito government has sufficient foreign exchange, or the equivalent in machinery and other equipment, to pay for sugar — a luxury item.

Since more than \$2 billion have been sunk into Belgrade's economy, it's obvious that we have eased the strain considerably for Marshal Tito's government. Thus he is able to spend heavily in Cuba.

In turn this lightens Castro's burden—really the burden of "Che" Guevara, the top authority in Cuba's civilian Communist government today. So our dollars actually go for Cuban economic relief.

Without the sale of sugar, Cuba would have virtually no export crop to pay for anything. Thus it would become merely another Soviet province, dependent completely on the Soviet and Chinese Communist bloc. The strain on the Sino-Soviet economy would therefore be increased.

THIS CUBAN sugar now is one of China's chief weapons. In

the Far East recently I was briefed by Malayan, British and Singapore experts.

In Malaya alone the "Chi-Coms" (as our State Dept. people refer to the Peiping government) sold more than \$9.4 million worth of sugar during 1961.

This is only one of the nations from which the Chi-Coms are raising scores of millions of dollars this year with such sales. This enables the Chi-Coms to drip with sweetness towards everyone but us.

One specialist in Singapore said that "the big increase is due to the fact that China has become a big sugar outlet for Cuba since the island lost your American market."

There are other Yugoslav ships carrying other Communist cargo. Some of it is oil. Belgrade's sea-going carriers are among some 85 big tankers belonging to ostensible friends of ours, but which carry Soviet oil to undercut us and then pick up American shipments to boot.

There is absolutely no doubt that our government thus is contributing to the Sino-Soviet bloc's economic warfare against us.

We may not be able to get our NATO allies to do anything about their shipping. But Marshall Tito personally has the power to control his Socialist shipping. He ought to choose one side or the other. After all, we do give him many, many capitalist dollars.

Cuba Resolution Termed Inadequate

It may seem trite in this age of "sophistication" to say that "actions speak louder than words," but that's about the only conclusion one can reach with respect to the resolution on Cuba just adopted by Congress.

Even if the American people can be persuaded to believe it is a David Lawrence strongly worded resolution, the Soviet occupation of Cuba and fails to recommend that the violation of the Monroe Doctrine, already committed by the Soviets by sending military forces to Cuba, be immediately challenged.
It says instead that the United States will by military force prevent "the Marxist-Leninist regime in Cuba from extending by force or the threat of force its aggressive or subversive activities to any part of this hemisphere."

It may seem logical to call all persons "extremists" who believe in resoluteness when dealing with the Communists, but, unfortunately, history shows that appeasers and pacifists are too often the very people who bring on war with all its horrible consequences.

ANTHONY EDEN witnessed—as a protesting bystander — the Munich crisis of 1938, when appeasement led to World War II. He happens to have written an article for the current issue of Foreign Affairs Quarterly, in which he makes this comment:

"The consequences for the free nations of sponsoring a solution, which is not itself just can be grave; a little present ease may be gained, but probably at the expense of greater trouble thereafter. In the history of the last 30 years it has not proved wise to seek to assuage excessive appetites by unjust concession."

The events of the last few weeks reveal that President Kennedy has yielded to the unwise counsel of his advisers and announced that to him a violation of the Monroe Doctrine means only a military offensive against any country in this hemisphere, and that he prefers to wait for such a contingency before taking any action.

This means that he will not resist the Soviet encroachment that has already taken place in Cuba and is not prepared to undertake a naval blockade of Cuba—either alone or with other nations—or take steps of a military nature to assist the Cuban people to recover their government and their freedoms.

The resolution put before Congress by administration leaders was, after some amendments, finally agreed to by both parties. Its opponents concluded it was the best they could get now, and that action will be up to the President anyway, as he already has the authority to use force either in support of the new resolution or of the original Monroe Doctrine.

But the resolution publicizes a concession to Russia. It confirms the view that has been developing in administration circles recently — that the President construes the Monroe Doctrine to

day differently than it has ever been interpreted before.

THE APPEASEMENT psychology has been stimulated by the argument of expediency. It has been insisted that, after America entered two world wars and when this country established bases overseas afterwards, it gave up the Monroe Doctrine. This illusory argument is not borne out by the facts of history.

President Wilson, for instance, persuaded our allies of World War I to include in the Versailles Peace Treaty and in the League of Nations covenant itself a provision which specifically recognized the Monroe Doctrine as continuing. So does the United Nations Charter validate "regional arrangements."

President Truman, in a speech on Navy Day, Oct. 27, 1945—just after World War II had ended—restated American foreign policy in a series of points. Among these were the following:
"We believe that all peoples who are prepared for self-government should be permitted to choose their own form of government by their own freely expressed choice, without interference from any foreign source. That is true in Europe, in Asia, in Africa, as well as in the Western Hemisphere."

"We believe that the sovereign states of the Western Hemisphere, without interference from outside the Western Hemisphere, must work together as good neighbors in the solution of their common problems."

This warning against "interference from outside the Western Hemisphere" is the essence of the Monroe Doctrine.

For more than 135 years, the United States has pledged that it would consider any attempt on the part of European powers "to extend their system to any portion of this hemisphere as dangerous to our peace and safety."

THE DECLARATION adds:
"We could not view any interposition for the purpose of oppressing them (Latin American countries), or controlling in any other manner their destiny, by any European power in any other light than as the manifestation of an unfriendly disposition toward the United States."

The latest congressional resolution, however, while taking note of the fact that the Communist system already has been extended to Cuba, doesn't denounce the Soviets.

The United States is evidently pledged only to prevent extension of Communist operations to other Latin American countries.

This is an important concession to the Moscow government, which now can take over Cuba completely as a military base without risking any military retaliation from this country. In that sense, the main part of the Monroe Doctrine has been brushed aside.

Moscow will regard all this as a retreat and, as happened with Hitler, successive retreats by the West could embolden the aggressor and bring on the war that the American people do not want but again may have to face — as England did when concession after concession was made to the Nazi dictatorship, and the enemy misconstrued temporary irresoluteness as an unwillingness to fight at all.

Past, present and future meet with a harmonious clash in Israel's vast desert — the Negev.

The ruins of an ancient city which protected King Solomon's trade route to Arabia recently have been unearthed in the barren region west of the Dead Sea where intensive economic development is under way.

The archeological project was financed, in fact, by the development authorities as a national service. It has revealed a series of settlements lying one above another at the site of Arad — a Canaanite city that was flourishing when the Israelites of the Exodus arrived in the Promised Land.

To modern Israel, the Negev offers an open frontier more than half the size of the entire nation. Despite the eroded soil, barren hills and sand — swept wastes, it promises to ease the grim, tandem problems of an increasingly dense population and the need for economic growth.

Much progress already has been made.

Stout, Secure And Exultant

The Kennedy administration is doing a first-rate job of fooling the American people about the gravity of Cuba.

Politicians of both parties are doing their best to put a gloss on a situation so raw it makes them want to close their eyes. They are adopting pious resolutions and issuing ringing declarations.

Everybody who is inclined for one reason or another to conceal from himself and from his countrymen what he feels in his heart to be true about Cuba is looking for a good face to put on the situation there.

This is human nature.

It is the age-old practice of apologetics, which in foreign affairs has more often been called appeasement.

The idea is to evade the brutal truth — to conceal what is by pretending it doesn't exist.

THOSE WHO think this way are fooling the American people.

But they aren't fooling Communists entrenched in Cuba.

They aren't fooling Communists anywhere, because all Communists either study or are aware of dialectics — the art of tying up an opponent in mental confusion by drawing him into argumentation over nonexistent issues.

Communists cannot be fooled by apologetics and dialectics. These are tricks they use to fool other people.

What are the plain facts about the Cuban problem?

1. The United States cannot enforce the Monroe Doctrine, because its Latin American agreements on mutual consent have barred unilateral action against European trespassers in the New World.

2. The United States is conceding that Cuba already is under Communist control and nothing will be done about it but the Communists had better not go any further than Cuba or there will be trouble. If this isn't a source of mirth in the Kremlin, the Khrushchev sense of humor must not have infected that busy place.

4. The United States is practicing appeasement against its will, just as Britain was taken advantage of by a ruthless expansionist in the '30s.

THE BITTER TRAGEDY is that so many public figures are taking a hand in fooling the American people. Their time and skill might be put to better use in telling the American people that Cuba has been worse than Pearl Harbor, where the enemy hit and run.

Communists now are in Cuba to stay — stout, secure and exultant in an enclave 90 miles from the continental United States.

The crowds who hear him are large and enthusiastic because he is a native Californian who attained high status in the nation and the world. In short, he is a most interesting candidate and is so appraised even by his enemies.

There are certain facts about Nixon's methods which need to be stated frankly. I am fairly well acquainted with almost all of the people who worked with him in the campaign in 1960 and also with those who are working with him here this year.

I have discussed their problems with them many times. They have talked about their relationship with him, their problems in serving him, and their estimate of him as a man and a public figure. Their consensus is a point made by Earl Maxo, Nixon's biographer, who spent two years in rather close contact with Nixon when he was vice president. And I may add that Mazo's point is my conclusion also after knowing Nixon well since the Hiss case 14 years ago.

Mazo describes Nixon as a "loner," a man who listens to many, who seeks and appreciates the advice of many, but who makes his own decisions, plots his own course, and accepts responsibility.

SOME OF HIS helpers feel frustrated at times when he fails to follow their advice. They claim that he should delegate more to them. They say this, however, with no diminution of their deep respect for him and of their admiration for his great ability.

But they all recognize that this self-reliance is in the very marrow of the man. From boyhood, he has had to make his way. And it has not been easy.

"We believe that all peoples who are prepared for self-government should be permitted to choose their own form of government by their own freely expressed choice, without interference from any foreign source. That is true in Europe, in Asia, in Africa, as well as in the Western Hemisphere."

"We believe that the sovereign states of the Western Hemisphere, without interference from outside the Western Hemisphere, must work together as good neighbors in the solution of their common problems."

This warning against "interference from outside the Western Hemisphere" is the essence of the Monroe Doctrine.

For more than 135 years, the United States has pledged that it would consider any attempt on the part of European powers "to extend their system to any portion of this hemisphere as dangerous to our peace and safety."

THE DECLARATION adds:

"We could not view any interposition for the purpose of oppressing them (Latin American countries), or controlling in any other manner their destiny, by any European power in any other light than as the manifestation of an unfriendly disposition toward the United States."

The latest congressional resolution, however, while taking note of the fact that the Communist system already has been extended to Cuba, doesn't denounce the Soviets.

The United States is evidently pledged only to prevent extension of Communist operations to other Latin American countries.

This is an important concession to the Moscow government, which now can take over Cuba completely as a military base without risking any military retaliation from this country. In that sense, the main part of the Monroe Doctrine has been brushed aside.

Moscow will regard all this as a retreat and, as happened with Hitler, successive retreats by the West could embolden the aggressor and bring on the war that the American people do not want but again may have to face — as England did when concession after concession was made to the Nazi dictatorship, and the enemy misconstrued temporary irresoluteness as an unwillingness to fight at all.

Through The Years

THIRTY YEARS AGO — The silver anniversary of the Bible Literary Club was observed at the home of Miss Mildred Weaver of Pennsylvania Ave.

Miss Essie Jane Jackson and Miss Viva Craig, both of Chester, enrolled as freshmen at Kentucky Business University.

Carmen Gerace, the youngest executive ever chosen by Carroll Circle No. 28, Columbiana Squires, qualified as chief squire of the group.

TWENTY YEARS AGO — Mrs. Ethel Otis and Mrs. Grace Tracey, formerly of Carolina Ave., Chester, left to make their home in Brockton, N. Y.

The S.C.E. Club was organized at the home of Mrs. Viva Johnston of Louisiana Ave., Chester. Mrs. Chauncey Dunn was named president.

Newell Rebekah Lodge 74 elected Mrs. Sarah Hall, past noble grand, as delegate to the Rebekah Assembly in Huntington, W. Va.

TEN YEARS AGO — Mrs. William Orr of Midland, Mrs. William Sulkes, Mrs. Paul Tobin and Mrs. Z. Harry Gutstein were received as new members of the East Liverpool Chapter of Hadassah.

Gus Mautz Jr. of Harvey Ave., a Review carrier, was selected as one of the outstanding newspaperboys in Ohio by the Ohio Newspaper Association.

Old And New

Past, present and future meet with a harmonious clash in Israel's vast desert — the Negev.

The ruins of an ancient city which protected King Solomon's trade route to Arabia recently have been unearthed in the barren region west of the Dead Sea where intensive economic development is under way.

The archeological project was financed, in fact, by the development authorities as a national service. It has revealed a series of settlements lying one above another at the site of Arad — a Canaanite city that was flourishing when the Israelites of the Exodus arrived in the Promised Land.

To modern Israel, the Negev offers an open frontier more than half the size of the entire nation. Despite the eroded soil, barren hills and sand — swept wastes, it promises to ease the grim, tandem problems of an increasingly dense population and the need for economic growth.

Much progress already has been made.

Dear Nephew: You keep asking me why I don't worry more and I keep telling you I don't have any worry to spare on your global topics. I use my worry capacity on things I can do something about.

This does not satisfy you, however, so once more I'll try to set you straight. It's like this:

Everything terrifying that could happen in a lifetime has been tried out on me, either as an idea or a practice. The ideas were worse than the practices, but none of them ever materialized.

It was when I understood that a man only dies once that I quit worrying about things I could do nothing about and concentrated on things within my jurisdiction.

There aren't many of these. For example, I can do something about averting ingrown toenails if I show genuine concern, as our President says, and I have worried about this all my life. I have had only one mishap.

But I can do nothing about ingrown toenails among Tibetans so I waste no time worrying about them. I can do something about making my own little patch of this earth as pretty as I can make it. But I can do nothing about improving the appearance of a distant place I never saw. So I don't worry about it.

I can't do anything about contamination of the atmosphere by people who cause atomic explosions. But I can keep from contaminating the atmosphere in my own neighborhood and to that end I've always been careful about smoke control and trash burning.

Have I shown you the difference between

your global worrying and the kind of worrying I do?

People worry about Khrushchev. Not me. There's nothing I can do about Khrushchev. But there is something I can do about the people who represent me in dealings with Khrushchev. I can tell them every chance I get that this man is a ruthless opportunist with his mind set on a single goal and they should never negotiate with him.

Sweet reasonableness has no effect on the Khrushchevs of this world. I could only wish we had someone as hard-nosed as him to call our signals. We don't, though, and that's something else I can't worry about.

As you know, I do worry. Your aunt thinks I worry too much. She says I make too much of trivialities. It's possible I'd be better off if I passed up my piddling provincial worries and concentrated on the big global stuff.

But I'm not made that way. I'd make a mess of it. I'd let my toenails grow and neglect the shrubbery. I might turn into one of those freaks who worry so much about the hereafter they have no time to comb their hair right and clean their nails right here.

You stick to your global worrying if it makes you feel good and I'll stick to my microcosmic concerns. They're all I can handle.

I can't ever lose a night's sleep over the Van Allen radiation belt or what happened to the copper needles our cosmos-nuts shot into space.

Regards to the family.

Orientation Session

City Traffic Commission Airs Aims And Problems

A review of its objectives and a brief discussion on some problems it might consider highlighted an orientation meeting of the Municipal Traffic Commission Friday night in Mayor Bert H. Goodballet's office at City Hall.

The commission decided to meet the second Monday of each month at 7:30 p.m. and made plans for one member to attend each regular meeting of City Council.

In brief remarks at the opening of the 60-minute session, Mayor Goodballet thanked the members for agreeing to serve. The mayor said he does not plan to attend any meetings unless requested "because I want you to act freely."

As commission chairman, William C. Heasley, former safety service director, said he believes the commission can do more con-

structive work but pointed out the members are not legislators but suggestors and cannot go over the heads of Council and mayor.

He also suggested the commission reach unanimous agreement on proposals before it makes any recommendations to Council.

The commission discussed the flow of traffic on Pennsylvania Ave., some other problems in the downtown area and received a suggestion from Safety - Service Director Robert Owen that it consider a blanket policy covering alley parking.

The commission includes Donald L. Burbick, John F. Kelly, who will serve as secretary, W. Leland Thompson and Ray Wilson.

Also attending last night's meeting were Police Chief Americo Radeschi and Fire Chief Charles Bryan.

Retarded Children's Council Of Hancock Retains Officers

Because lack of attendance forced cancellation of a regular election earlier this year, all officers were returned for the balance of 1962 at a special meeting of the North Hancock County Council for Retarded Children Thursday night in Newell.

They are Anthony F. LaNeve of Newell, president; Mrs. Ramona Hinds of New Cumberland, vice president; Mrs. Marguerite Walters of Newell, recording secretary; Mrs. Nancy LaNeve of Newell, corresponding secretary and treasurer; Arthur DeLong, chaplain, and Mrs. Ruth DeLong, historian, both of Newell.

LaNeve reported on the state convention in June in Parkersburg of the West Virginia Association for Retarded Children. He was elected a second vice president of the group.

The council voted thanks to the Globe Brick Co. for donating two

storage cabinets, and the Newell Civic Council for a \$20 contribution.

Plans were discussed to hold birthday parties each month for youngsters in a special class at Newell Jefferson School. Mrs. Walters is teacher. Mrs. Francis Gehring of New Cumberland is driver this year for transporting youngsters to classes.

Mrs. Sadye Nally and Mrs. Wayne Williamson were named to serve refreshments at the meeting Oct. 2 in Newell at 7:30 p.m. instead of 8.

Chester Girl Given Commission In Navy

Miss Helen Shepherd, daughter of Mr. and Mrs. Carl Shepherd, 237 Carolina Ave., Chester, has been commissioned as an ensign in the Naval Reserve Nurse Corps.

Ens. Shepherd received her Bachelor of Science degree in nursing from the University of Pittsburgh last month. During her senior year, she was among students selected to participate in the Navy Nurse Corps candidate program.

With three classmates, she will report Oct. 3 for an eight-week course at the Officers' Indoctrination School for Women in Newport R.I. Ens. Shepherd then will be assigned to the U.S. Naval Hospital at Bethesda, Md., for a two-year tour of duty.

State Fire Marshal Warns On Old Jail

WARREN, Ohio (AP) — State Fire Marshal Wilson McLaughlin, who has threatened to padlock the 90-year-old Trumbull County jail, has given the county until Nov. 1 to present detailed plans for remodeling the structure.

The jail declared a fire hazard, was to have been padlocked Friday. County commissioners asked for an extension until Jan. 1, but McLaughlin who has granted previous extensions, set the earlier deadline. Voters have rejected several bond issues for a new jail and office buildings.

Mayor Race Ruling Given

CLEVELAND (AP) — Three Democrats will vie for their party's nomination for mayor of Cleveland in a special primary election Oct. 2.

The Ohio Supreme Court cleared the way for the partisan primary in a unanimous ruling Friday in Columbus supporting the procedure set up by the Cuyahoga County Board of Elections.

Willard W. Brown was the sole Republican to file by Friday's 5 p.m. deadline, so he automatically becomes the GOP candidate.

A fourth Democrat, Michael E. Gallagher, brought in his petitions ahead of the deadline, but Board Clerk Ray C. Miller said the petitions lacked sufficient valid signatures.

The three Democrats in the race are Acting Mayor Ralph S. Locher, who moved up from law director when Anthony J. Celebrezze was tapped for President Kennedy's Cabinet; County Prosecutor John T. Corrigan and Ohio Atty. Gen. Mark McElroy, who has the support of the regular party organization.

U. S. Sen. Frank J. Lausche, a former Cleveland mayor, has thrown his support behind Locher.

55 In Cub Pack Visit City Reserve Armory

Cub Scout Pack 34 of the Pennsylvania Ave. Methodist Church visited the Army Reserve Armory Thursday night with about 55 boys and parents participating.

Three movies taken at Camp Pickett, Va., were shown and a tank company reservist spoke.

Awards presented were Bobbie Clark, gold and silver arrow under wolf; Gary Frederick, gold arrow under bear; Donald Mathews, silver arrow under wolf; James Lynch and Billy Anderson, bear badge; Bobbie Farnsworth, denner stripe, and Dale Mathews, assistant denner stripe.

New members accepted as bobcats were David Hays and Jimmie Anderson. A Halloween party will highlight the meeting Oct. 25.

K. Of C. Group Sees 100 For Area Dinner

About 100 are expected to attend the annual Constitution Day dinner of the Cardinal Mercier Assembly of Fourth Degree Knights of Columbus Sunday at Palazzo's Restaurant in Youngstown.

Fr. William J. Lawler, pastor of St. Pius Catholic Church in Warren, and former pastor of the Immaculate Conception Church of Wellsville, will be speaker.

Joseph J. O'Hanlon of East Liverpool, faithful navigator, will preside.

The committee is comprised of John E. Johnston, Frank R. O'Hanlon, Atty. L. W. Smith, W. E. McCormack, Charles McBride, Fred Baldasare and Frank Netti.

Autoist Fined, Jailed For Drunken Driving

LISBON — Wilbert William Howell, 33, of Richmond, Ind., former New Cumberland resident cited for drunken driving on Route 30 south of Lisbon Wednesday, has been fined \$100 and costs and sentenced to three days in the County Jail by County Judge Herbert Armar at East Palestine.

The Ohio Highway Patrol, which reported Howell was on parole in Indiana, awaited information from Indiana on whether there had been a parole violation.

DiSalle Tour Planned In Toronto Thursday

TORONTO — Gov. Michael V. DiSalle will tour the Toronto plant of Titanium Metals Corp. of America in a visit to the city Thursday.

He is expected to arrive at 10:30 a.m. as the guest of a local citizens' group, and will be honored at a public breakfast in the Eagles Hall.

Bishop Dies At 82

VATICAN CITY (AP) — The Rt. Rev. Joseph Hu Jo-shan, 82, Bishop of Taichow, one of six Chinese bishops consecrated in St. Peter's Basilica in 1926 by Pope Pius XI, died Aug. 28 in a Chinese prison, the Vatican said Friday.

Project Fund To Be Sought

The congregation of the Chester First United Presbyterian Church will officially open a building fund campaign during the 11 a. m. worship Sunday.

The project, to provide more space for the Bible School, will include eight classrooms and a church office.

James Swain is chairman of the building committee and Alvin Lange is chairman of the building fund committee.

The callers include Lee Adams, Jesse Oyster, Swain, Alvin Lange, Nelson Campbell, Edwin Wine, Kenneth Williams, Carl Stewart and Dr. Carl McCutcheon.

The aim for the drive is to obtain enough pledges to begin the project, which is estimated at about \$35,000.

The drive will close Oct. 7 when Worldwide Communion Sunday will be observed during morning worship.

Rally Day will be observed at Sunday School tomorrow at 9:45 a. m. Wine, superintendent, will be in charge of the program.

The Rev. C. Donald Vogel is pastor.

Chester Session Will Air Budget

The Session of the Chester Westminster United Presbyterian Church will meet Sunday at 8 p. m. to prepare the 1963 benevolence budget. The Rev. William Claghorn, pastor, will preside.

The Men's Fellowship, with Clifton Huff, president, in charge, will meet Tuesday at 8 p. m. in the social rooms. The speaker will be the Rev. Paul Brookes, pastor of the Emmanuel Mission near Chester.

Trustees will meet Wednesday at 7 p. m., followed by the Session and trustees' annual church budget planning committee. Harry Lewis, chairman of the stewardship committee, will preside.

Evangelistic Series Will End On Sept. 30

The current autumn evangelistic services at the First Church of the Nazarene will continue through Sept. 30 with the Rev. Estelle Crutcher of Miami, Fla., as the evangelist.

The week-day services are conducted at 7:30 p. m. with the exception of Saturday. Sunday meetings are held at 10:45 a. m. and 7 p. m.

Music is being provided by the local choir and special singers. The campaign is under the direction of the Rev. James E. Hunton, pastor.

4-H News

LISBON — Fred Hippely of Salem R.D. was elected president of the Junior Leadership 4-H Club Thursday evening at St. George's Parish Hall. He succeeds Wayne Walton of Leetonia R.D. 1.

Other officers are Jack Farmer of Lisbon R.D. 4, vice president; Carol Bailey of Salem R.D., secretary; Bob John of Salem R.D., treasurer; Carol Karmel of Salem R.D., news reporter; Linda Converse of Leetonia R.D. 1, song leader; Bill Skeels of Lisbon R.D. 4, devotion leader, and Sandy Hawkins of Salem R.D., recreational leader.

Appointed to assist the officers were Charlene McKarns, Martha Skeels, Barbara Bricker and Kathy Karmel.

Miss Mabel Spray, family economics specialist at Ohio State University, spoke on "How to Get More Out of Your Dollar." Lunch was served.

Plans were made for a bake sale Oct. 5 at a meeting of the Elkrum Merry Maids 4-H Club Thursday evening at the Parish Hall at Elkton. Fifteen were present.

The sale will be held at the Rogers Community Sale and proceeds will be for a trip on Oct. 26.

A Wiener roast followed business.

Next meeting will be Oct. 18 at the home of Mrs. Jane Harrold, advisor.

The Apache 4-H Club of Shepherd Valley will reorganize for the year at a meeting Monday night at 7:30 with Mr. and Mrs. Donald Glenn of State Route 2 near Pughtown, co-leaders.

Officers will be elected.

Firemen Remove Leaking Refrigerator

Firemen used oxygen masks early this morning to remove a refrigerator that was leaking fumes in the upstairs apartment of Mrs. June Solar, 788½ Dresden Ave.

The department was notified at 5:27 a. m. by police.

Firemen were called to W. Church and Peach Alleys at 5 p. m. Friday by a fire in a car operated by Dave McDonald, 1632 Holliday St. A backfire in the carburetor was responsible, firemen said.

In Presbytery Project Interpretation Team Due In Area Churches

An interpretation team representing the general mission of the United Presbyterian Church will appear at various churches and rallies of the Steubenville Presbytery beginning Oct. 4.

Dr. George Jenkins of Carrollton, general presbyter, said the Rev. Charles Pindar, director of City and Industrial work for the Synod of Ohio, will tell the story of national missions.

A graduate of Wooster College and of McCormick Theological Seminary, Dr. Pindar early saw the need of mission work in the coal-mining regions of Ohio and West Virginia.

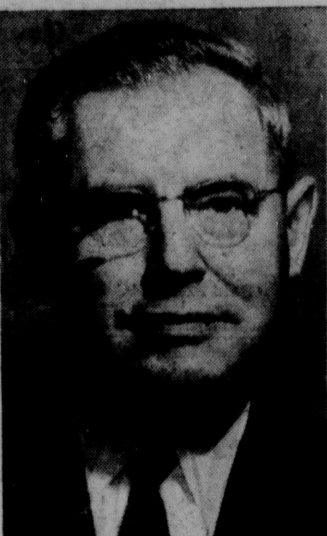

He began his ministry in the coal-mining areas of Dillonvale and Piney Fork, then he was called to become director of the West Virginia Mountain Project, an interracial field of five parishes.

In March 1950, Dr. Pindar returned to Ohio and was assigned to the position he holds today.

Wooster College has conferred upon Dr. Pindar the honorary degree of Doctor of Divinity in recognition of his outstanding service to the church.

Dr. Pindar is married and has three sons.

The team will include the Rev.

REV. CHARLES PINDAR
In General Mission Series.

and Mrs. Chalmers Browne, missionaries to China. The Rev. Roland Kamm of Cambridge, will serve the staff for the Board of Christian Education.

Leslie Rinehart of Carrollton, general mission interpretation chairman for the Presbytery, said the team will make its headquarters in Carrollton during its tour of the Presbytery.

Mrs. Harold Stewart New Head Of Georgetown WSCS

Mrs. Harold Stewart was elected president, succeeding Mrs. William Durst, who resigned, when the WSCS met at the Georgetown Methodist Church Wednesday night.

Other officers are Mrs. Donald McHaffie, first vice president; Mrs. Paul Mackall, second vice president; Miss Flora L. Nash, third vice president, and Mrs. James Adney, secretary.

This was the opening meeting of the fall. Mrs. Louis Wagner was in charge of devotions, Mrs. James Adney, prayer, and Mrs. Dick McHaffie, Scripture lesson.

Cast for the dialogue, "Why Missions Today," included Mrs. Walter Reed, Mrs. Mackall, Mrs. Harold Stewart and Miss Nash. Mrs. McHaffie, vice presi-

dent, conducted business. Refreshments were served in the social room.

Mr. and Mrs. Wendell Welborn are visiting Dr. and Mrs. James Ross of Carlisle, Ohio, and relatives in Tennessee and North Carolina.

Mr. and Mrs. Curtis Finley have returned after visiting Mr. and Mrs. Parkley Finley of Burke, Va., and Milton Dixon of Hyattsville, Md.

Mr. and Mrs. L. B. Hobbs and Mr. and Mrs. Robert Hobbs attended the Quigley family reunion Sunday at Firestone Park at Columbiana.

Mr. and Mrs. George Howlett have concluded a visit with Mr. and Mrs. William Evans of Detroit, and Mr. and Mrs. William Fester of Oscoda, Mich.

Association Of Oak Ridge Church Picks New Officers

Services and burial will be in Columbus.

Some Weeds Harder To Grow Than Plants

GUELPH, Ont. (AP) — Since it established a weed garden to aid in studies of weeds, the botany department of Ontario Agricultural College has found some weeds are harder to grow than other plants.

Devised by Dr. C. M. Switzer, the department's authority on weeds growing in familiar surroundings. It is also used by OAC students taking weed identification courses.

Dr. Switzer said farmers and gardeners might not believe it, but certain types of weeds are hard to grow.

The only World Series of baseball in history in which all the games were shutouts was in 1905 between the New York Giants and the Philadelphia Athletics. The Giants won four of the five shutouts.

Charges were filed against Goetz by Deputy Herman Wellman. Mrs. Margaret Oates McCune filed the charges against Oates.

Kennedy Hits Senate Action On Medicare

COLUMBUS, Ohio (AP)—"The action of the Senate in turning down Medicare this session was a blow struck against the American family," President Kennedy said in a speech piped into the Ohio Democratic convention session Friday night from Newport, R. I., by telephone.

"I propose to resume the fight for Medicare next January and I want your help in making this wise and beneficial measure the law of the land," he added.

The President substituted for Vice President Lyndon B. Johnson as convention keynoter after a schedule mixup prevented the Texan from attending the two-day convention.

Kennedy praised efforts of Ohio Democrats in this session of congress and called for re-election of U.S. Sen. Frank J. Lausche, Gov. Michael V. DiSalle and more congressmen from Ohio by the party this fall. The Republicans outnumber them in the House, 16-7.

Fisherman's Visions Are Blasted By Diver

CHATTANOOGA (AP) — The fishing was pretty poor in Chickamauga Lake when Earl Wall saw bubbles in a little cove — and had visions of carp.

After he dragged a light lure through the bubbles a couple of jimes, the bubbles stopped. Wall reached for a larger lure.

"All of a sudden," he said, "right out from the boat, up popped this scuba diver. He took a long look at me through that glass mask, scowled and then submerged as fast as he came up."

Wall went home.

Hat Leads To Arrest Of Arizona Burglar

TUCSON, Ariz. (AP) — Frank D. Yanez, 33, liked his new hat so much he seldom took it off. As a result, he was arrested on a burglary charge.

A motorist spotted the hat apparently suspended in mid-air as Yanez crouched behind a market counter long after the store was closed.

Project Fund To Be Sought

The congregation of the Chester First United Presbyterian Church will officially open a building fund campaign during the 11 a. m. worship Sunday.

The project, to provide more space for the Bible School, will include eight classrooms and a church office.

James Swain is chairman of the building committee and Alvin Lange is chairman of the building fund committee.

The callers include Lee Adams, Jesse Oyster, Swain, Alvin Lange, Nelson Campbell, Edwin Wine, Kenneth Williams, Carl Stewart and Dr. Carl McCutcheon.

The aim for the drive is to obtain enough pledges to begin the project, which is estimated at about \$35,000.

The drive will close Oct. 7 when Worldwide Communion Sunday will be observed during morning worship.

Rally Day will be observed at Sunday School tomorrow at 9:45 a. m. Wine, superintendent, will be in charge of the program.

The Rev. C. Donald Vogel is pastor.

Chester Session Will Air Budget

The Session of the Chester Westminster United Presbyterian Church will meet Sunday at 8 p. m. to prepare the 1963 benevolence budget. The Rev. William Claghorn, pastor, will preside.

The Men's Fellowship, with Clifton Huff, president, in charge, will meet Tuesday at 8 p. m. in the social rooms. The speaker will be the Rev. Paul Brookes, pastor of the Emmanuel Mission near Chester.

Trustees will meet Wednesday at 7 p. m., followed by the Session and trustees' annual church budget planning committee. Harry Lewis, chairman of the stewardship committee, will preside.

Evangelistic Series Will End On Sept. 30

The current autumn evangelistic services at the First Church of the Nazarene will continue through Sept. 30 with the Rev. Estelle Crutcher of Miami, Fla., as the evangelist.

The week-day services are conducted at 7:30 p. m. with the exception of Saturday. Sunday meetings are held at 10:45 a. m. and 7 p. m.

Music is being provided by the local choir and special singers. The campaign is under the direction of the Rev. James E. Hunton, pastor.

Firemen Remove Leaking Refrigerator

Firemen used oxygen masks early this morning to remove a refrigerator that was leaking fumes in the upstairs apartment of Mrs. June Solar, 788½ Dresden Ave.

The department was notified at 5:27 a. m. by police.

Firemen were called to W. Church and Peach Alleys at 5 p. m. Friday by a fire in a car operated by Dave McDonald, 1632 Holiday St. A backfire in the carburetor was responsible, firemen said.

In Presbytery Project

Interpretation Team Due In Area Churches

An interpretation team representing the general mission of the United Presbyterian Church will appear at various churches and rallies of the Steubenville Presbytery beginning Oct. 4.

Dr. George Jenkins of Carrollton, general presbyter, said the Rev. Charles Pindar, director of City and Industrial work for the Synod of Ohio, will tell the story of national missions.

A graduate of Wooster College and of McCormick Theological Seminary, Dr. Pindar early saw the need of mission work in the coal-mining regions of Ohio and West Virginia.

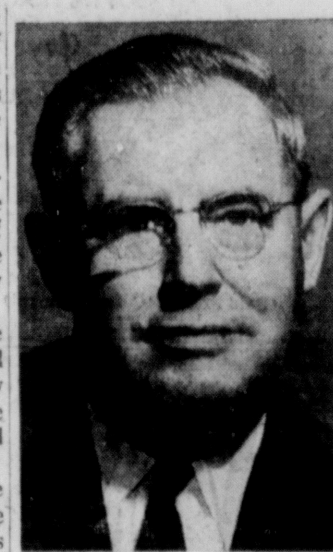

He began his ministry in the coal-mining areas of Dillonvale and Piney Fork, then he was called to become director of the West Virginia Mountain Project, an interracial field of five parishes.

In March 1950, Dr. Pindar returned to Ohio and was assigned to the position he holds today.

Wooster College has conferred upon Dr. Pindar the honorary degree of Doctor of Divinity in recognition of his outstanding service to the church.

Dr. Pindar is married and has three sons.

The team will include the Rev.

REV. CHARLES PINDAR
In General Mission Series.

and Mrs. Chalmers Browne, missionaries to China. The Rev. Roland Kamm of Cambridge, will serve the staff for the Board of Christian Education.

Leslie Rinehart of Carrollton, general mission interpretation chairman for the Presbytery, said the team will make its headquarters in Carrollton during its tour of the Presbytery.

Lovet London Alexander, 328 Midland Ave., Midland, a resident of this area 41 years and a retired employee of the Crucible Steel Co., died Friday at 7:30 a. m. at home after a lengthy illness. He was 89.

He was a member of the First Baptist Church of Midland and served on the Board of Deacons for many years. He was also a member of Knights of Pythias Lodge 94 of Midland.

He was born March 27, 1873, in Chester, S.C.

Survivors include a step-daughter, Mrs. Carrie Bell McCauley of Midland; a step-son, Gary Roberts of East Liverpool; two sisters, Mrs. Mary D. Hill of East Liverpool and Mrs. Susie Forney of Boston, and a niece.

Services will be held Monday at 1 p. m. at the church in Midland by the Rev. J. M. Marbre. Burial will be in Oak Grove Cemetery, Industry.

Friends may call at the Leavell Funeral Home in Midland after 7 tonight.

Daniel A. Coil

Services for Daniel A. Coil, 2½-year - old son of Arvin Coil and Patricia Jones Coil, 677 Almont St. were to be held this afternoon at 2 at the Dawson Funeral Home.

The Rev. Albert Rodenhause, pastor of the First Baptist Church, will officiate and burial will be in Spring Grove Cemetery.

The youngster was killed late Thursday afternoon when hit by a car.

Survivors include the paternal grandparents, Mr. and Mrs. Walter Coil of Irondale.

Mrs. Karl Wiederkehr

Mrs. Elsie Wiederkehr of Columbus, a former resident of East Liverpool, died Friday at 4:15 a. m. at her home after a brief illness.

She is survived by her husband, Karl Wiederkehr, and a daughter, Miss Carolyn Wiederkehr, both at home; a son, Richard Wiederkehr of Dayton; a sister, Mrs. Ada Allison of East Liverpool, and three brothers, Leonard Wood of Roundup, Mont., Clarence Wood of Philadelphia and Robert Wood of Pittsburgh.

Services and burial will be in Columbus.

Some Weeds Harder To Grow Than Plants

GUELPH, Ont. (AP) — Since it established a weed garden to aid in studies of weeds, the botany department of Ontario Agricultural College has found some weeds are harder to grow than other plants.

Devised by Dr. C. M. Switzer, the department's authority on weeds growing in familiar surroundings. It is also used by OAC students taking weed identification courses.

Dr. Switzer said farmers and gardeners might not believe it, but certain types of weeds are hard to grow.

The only World Series of baseball in history in which all the games were shutouts was in 1905 between the New York Giants and the Philadelphia Athletics. The Giants won four of the five shutouts.

Kennedy Hits Senate Action On Medicare

COLUMBUS, Ohio (AP)—The action of the Senate in turning down medicare this session was a blow struck against the American family," President Kennedy said in a speech piped into the Ohio Democratic convention session Friday night from Newport, R. I., by telephone.

"I propose to resume the fight for medicare next January and I want your help in making this wise and beneficial measure the law of the land," he added.

The President substituted for Vice President Lyndon B. Johnson as convention keynoter after a schedule mixup prevented the Texan from attending the two-day convention.

Kennedy praised efforts of Ohio Democrats in this session of congress and called for re-election of U.S. Sen. Frank J. Lausche, Gov. Michael V. DiSalle and more congressmen from Ohio by the party this fall. The Republicans outnumber them in the House, 16-7.

WSCS To Make, Sell Apple Butter At Shippingport

The WSCS of the Green Valley Methodist Church is completing plans to make apple butter the first week in October. Mrs. Dorothy Hayward is chairman.

Orders are being taken by Mrs. Betty Berger of Shippingport and Mrs. Henry Ewing of Hookstown.

A wiener roast will be held by the congregation of the Green Valley Methodist Church next Saturday at 6:30 p.m. under the sponsorship of the Sunday School.

Each family is to bring wieners and buns and the beverage and dessert will be furnished.

Plans for a tea and flower display in October were outlined at a meeting of the Willing Workers Sunday School Class of the Green Valley Methodist Church Monday evening in the social rooms. The event will be open to the public.

A feature of the devotions was a study of the disciples, Simon and Judas, with Mrs. Anna Mae Russell as leader. Mrs. Madeline Christy led devotions.

Lunch was served by Mrs. Hazel Walker and Mrs. Ella Shamp.

Today In History
By The Associated Press

Today is Saturday, Sept. 22, the 265th day of 1962. There are 100 days left in the year.

Today's highlight in history: On this day in 1937, the New Jersey Court of Errors and Appeals upheld the constitutionality of the 1932 act requiring all public school pupils to salute and pledge allegiance to the flag of the United States.

On this date— In 1776, Capt. Nathan Hale of Gen. George Washington's revolutionary army was hanged by the British as a spy.

In 1862, President Abraham Lincoln issued the preliminary emancipation proclamation.

In 1918, Marconi sent the first wireless message from England to Australia.

In 1939, an earthquake in Turkey killed several hundred persons, destroyed 1,000 buildings, and left 5,000 persons homeless.

In 1950, Dr. Ralph Bunche of the United States became the first Negro ever to receive the Nobel Peace Prize.

Today's birthdays: Stage and movie director John Hausman is 60. Actor Paul Muni is 67.

Thought for today: To understand all makes us very indulgent — Madame De Staël.

Hookstown Church Group Picks Officers
Officers of the Women's Missionary Society of the Hookstown Free Methodist Church were elected at a meeting Tuesday evening.

They are Miss Emma Lyon, president; Mrs. Dwight Brooks, vice president; Mrs. James Mc-Masters, secretary; Mrs. Thomas Reed, treasurer, and Mrs. Scott Reckner, stewardship secretary.

The memory of the late Mrs. Avery Gillespie was honored with a memorial membership.

Mrs. Milo Smith presided. The Rev. Milo Smith reported on the Gerry Homes.

Youth Job Market Problem Solved By 2
CLEVELAND (AP) — Aware that the teen-age job market was glutted, two Shaker Heights High seniors went into business for themselves last summer and cleared \$700 apiece by patching driveways and parking lots. They bought 1,000 gallons of a tar compound and some stiff brushes, rented a trailer for \$2.86 a day and "we were in business," Dennis Roarty and Vince LaMaida Jr. said. They sold jobs from door to door.

They plan to invest earnings in a jeep and snowplow and go back to some of their same customers this winter.

Some Law Training Urged For Newsmen

NEW YORK (AP)—U.S. Associate Justice John Marshall Harlan has suggested that newspapermen receive some law training before covering court cases.

Harlan, speaking Friday at dedication ceremonies of new quarters for the New York Law School said newspapermen should send their reporters to law school for a year, adding, "I say this with no disrespect for the press. Legal reporting is a very difficult business."

Klondyke PTA Hears Firemen On Levy Renewal

A movie of the tragic Chicago school fire was screened by Russell Dray and Don Hancock, city firemen, at a meeting of the Klondyke Parent-Teacher Association Wednesday afternoon.

The firemen urged support of a fire levy up for renewal at the Nov. 6 general election. Principal Keith Dunley also asked support of two school levies.

The group authorized donations of \$25 to the Child Counseling Center and \$15 for a citizens' committee. Toney Adkins of Adkins Furniture & Appliance store agreed to donate a television receiver to the school for the new term.

It was decided not to serve refreshments following afternoon meetings this year. Emerson Hadley, president, presided.

Mrs. Jean Kidder was named treasurer to succeed Mrs. Jean DeLong, who resigned. Jack Laughlin is in charge of publicity this year, and Hadley is program chairman. Mrs. Maxwell Linville and Mrs. Iris Stone are delegates to the City PTA Federation, and Charles Papendy and Mrs. Clark Stanley are co-chairman of the ways and means committee.

The Rev. Ronald Reear of Boyce Methodist Church offered devotions. Thirty-one attended. Next meeting is Oct. 17 at 3:30 p. m. at the school.

Co-Leaders Elected For Westgate Group

Mrs. Lawrence Blythe and Mrs. Thomas Briggs were elected co-chairmen of the Homeroom Mothers' Club of the Westgate Parent-Teacher Association at a meeting Wednesday afternoon in the school.

Miss Mildred McGregor, principal, addressed the group and displayed a primary typewriter purchased with proceeds from a fund-raising project of the unit last term.

Mrs. Donald Raber, retiring chairman, turned in money from last year's term for purchase of books for the school library. Mrs. Gerald Manley, president, presided.

City Flower Sellers Forfeit At Chester

Two East Liverpool R. D. 1 women, jailed Friday by Chester police for the sale of artificial flowers without a city license, forfeited bonds of \$55 each, which were posted 15 minutes before their scheduled hearings.

Mrs. Dorothy Mitchell, 39, was cited for selling merchandise without a city license, and Miss Betty Elizabeth George, 28, for soliciting the sale of the flowers. Both were arrested by Police Chief Clarence Lennens at 1:50 p. m. as each came out of separate restaurants.

Both were held in jail until bonds were posted at 5:45 p. m. They did not return for the hearings set at 6 p. m.

KENT, Ohio (AP)—A four-man team of education specialists from Kent State University will go to Tanganyika this month to help the East African nation upgrade and expand its teacher education program. Heading the team will be Dr. Robert M. Shaw, professor of education. The project, supported by U.S. Agency for International Development (AID), is expected to take four years.

Wellsville Hits Stride For 1st Win, 28-8, Over Toronto

By CHUCK CRONIN
Review Sports Writer

Hitting their stride after two straight reversals, Wellsville High rolled to a 28-8 victory over Toronto Friday night behind one of the strongest defensive efforts seen at Nicholson Stadium in perhaps five years.

Upsetting the form charts, Coach Ken Woods' underdog Tigers whipped up a productive ground and air attack to check in with an impressive triumph as a crowd of 2,500 looked on in brisk weather.

WELLSVILLE'S front wall, which had yielded five touchdowns in the first two games, suddenly became a ferocious weapon, allowing the previously unbeaten Red Knights a mere 83 yards in rushing and passing.

Junior quarterback Jim Reed tossed a pair of touchdown passes to end Andy Dash, and veteran halfback Alvin Thompson scored twice — one a 35-yard return of an intercepted Toronto aerial

— to provide Wellsville with its first victory of the season.

A herculean performance by senior fullback Leo Pearson was also a key to the well-earned win for Wellsville. Pearson, 180-pound workhorse, often made the big play in Wellsville's scoring marches and carried 21 times for 79 yards.

Thompson, Dash Hit Paydirt Twice

As the fourth quarter opened, the Red Knights were minus 13 yards in rushing and passing, indication of the brand of rugged defense turned in by Wellsville's line.

TORONTO managed a sustained drive late in the game and avoided a shutout with a touchdown with 3:03 remaining, but it was of little consequence at that stage.

Wellsville made its debut in the new Buckeye Border Conference a smashing one after defeats to two non-league foes. Toronto had opened with conference victories over Carrollton and Springfield.

In addition, the Tigers also took over a three-game edge in the rivalry with Toronto which dates back to 1921, 20 wins to 17 by Toronto. Wellsville's last three wins

have been in succession, 36-0 in 1960, and 14-8 in 1961.

Coach Bob Khoenle's Red Knights, even with a veteran at each position, were no match for the hard tackling, hard blocking Tigers in the 37th renewal of the series.

FROM end to end, Wellsville's front wall was in control of Toronto for all but a few minutes in the final quarter, grudgingly allowing the losers only 45 yards rushing and 38 passing. The Red Knights netted only six yards on the ground in the first half.

Wellsville struck for its initial touchdown with 7:13 left in the first half after recovering a Toronto fumble.

With Pearson and Thompson knifing through for consistent yardage, the Tigers moved from

their own 45 yard line in 12 plays, with Thompson scoring from the four over right tackle. Reed fired to Dash for the conversion and an 8-0 lead.

THE SQUADS battled fiercely in the scoreless third quarter, with Wellsville's Dash turning in one of his greatest games defensively at right end, and corner linebacker Rodger Miller, 170-pound senior, working just as hard in containing Toronto runners.

The hard running Pearson was a big factor in Wellsville's second touchdown march, coming through on a crucial fourth down play to enable the Tigers to retain possession.

Wellsville had moved from the Toronto 24 after recovering a fumble and reached the 15 in three downs. On fourth down,

Pearson bulled through to the 14 in a clutch effort. Two plays later, Reed found Dash cutting laterally in the right corner and threw a 14 yard scoring pass with 11:09 left in the game. Pearson was short on his run for the conversion.

THEN the Tigers struck like lightning, with Thompson picking off a Toronto aerial and racing 35 yards for another touchdown with 10:03 showing on the clock. Reed hit end Tim Barborak with a pass in the end zone for the conversion, arming Wellsville with a 22-0 lead.

Following a short kickoff by Wellsville, the Red Knights began to click offensively and moved 65 yards in 15 plays for a touchdown with only 3:03 left in the game.

Fullback Larry Giangulio capped the drive with a 10-yard skirt of left end, and quarterback Tom Johnson passed to end Tom Pellior for the conversion.

LEADING 22-8, Wellsville never let down for a moment. The Tigers put the ball in play on their own 20 after the kickoff and marched to the Toronto 38 in just four plays, with Reed breaking loose twice for runs of 12 and 29 yards.

Reed passed to Dash for the touchdown, as a Toronto defender looked on, caught out of position on the play. A fumble prevented the conversion attempt.

Outwardly pleased with the victory, Woods heaped praise on the Tiger front line for a sharp performance and lauded Dash for a "fabulous" game. The linemen were Barborak and Dash at ends, Mike Welch and Larry Baughman at tackles, Jack Cataldo at center, and Rodger Miller and Earl (Wizzer) Wisor at guards. Welch, the Tiger co-captain,

suffered a bruised shoulder in the first half and watched most of the second half action from the sidelines.

Pearson led the Tiger runners in total yardage, while Thompson picked up 48 in 13 carries for a standout game also. Reed showed 38 yards in 14 carries, and sub fullback Dale Mobley, 25 yards in six carries.

Beaver Hands Midland Third Straight Setback, 20-0

Bobcats Claw Out 12th Win In Row

By ANDY NUZZO

The Midland Leopards went down to their third straight defeat of the season when they bowed to the Beaver Bobcats, 20-0, before some 3,800 fans at Midland Friday night.

The win for Beaver extended its winning streak to 12 games.

Fullback Don Morton gained 93 of the Bobcats 150 yards, and he scored the first touchdown of the

half ended with Beaver ahead, 6-0.

Zigerelli brought Charley Bell's second half kickoff out to the Midland 27, and on the first play halfback Rich Lake was hit as he tried to move up the middle and the ball was jarred loose and popped into the hands of Rose on the 32-yard line. There was nothing between Rose and paydirt except grass and seven Bobcat players and he went in unmolested for the second Beaver score. Only 45 seconds had elapsed in the second half as Bell tackled on the extra point and Beaver led, 13-0.

Once again both teams began to exchange punts until the waning moments of the final period. The Bobcats were the only ones to threaten seriously to score when they started a march from their own 48-yard line. At the outset of the final quarter Morton and Rose lugged the ball most of the way but Beaver ran out of downs on the Leopard 15.

Midland got possession of the ball on its 41 with four minutes remaining and made one last effort to score. This effort was halted when Beaver quarterback Deney Hromika picked off substitute quarterback Ron Dominici's pass on the Bobcat 30 and returned it 61 yards to the Leopard nine before he was forced out of bounds.

After a pass went astray, halfback Greig Berkley circled his right end for nine yards and the final touchdown of the night with less than one minute to play. Dick Melkerson's placement split the uprights to conclude the scoring.

Midland has lost the services of senior letterman Gary Perkins, who had his thumb operated on earlier in the week. Junior letterman Ted Vaughn did not dress because of injuries suffered in the Canon-McMillan contest.

Next Friday night Midland will travel to Wellsville to renew their gridiron rivalry with the Tigers.

Beaver's defense turned an intercepted pass and fumble into touchdowns in the second half.

Charles Polce's Leopards out-gained Beaver in total yardage, rolling up 107 yards on the ground and 51 in the air. All of Beaver's yardage came on the ground.

Halfback Sam Zigerelli led the Leopard backs with 62 yards in 12 carries. Quarterback Don Miller ran for 34 yards in 11 carries.

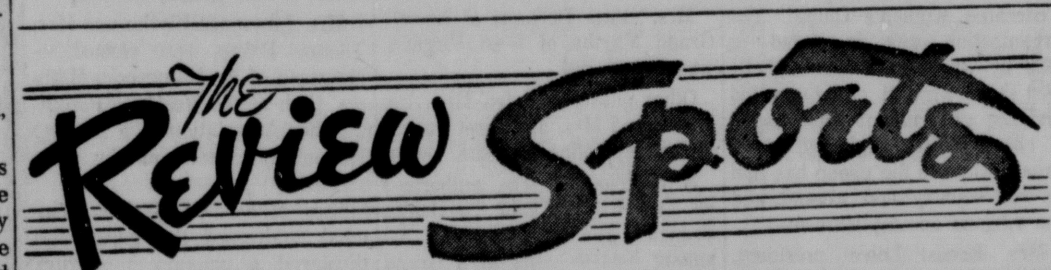

Both teams played a scoreless first quarter, punting back and forth. Early in the second period Midland had a fourth and eight situation on its own 19, when Zigerelli punted out to the Beaver 41.

On the play Beaver was detected offside and was penalized five yards to the Midland 24. This time Zigerelli's punt slid off the side of his foot and went out of bounds on the Midland 47.

Madonna Takes Defensive Battle On 4th Period TD

NEW CUMBERLAND — Fullback Bob Canie broke up a titanic defensive struggle when he raced 37 yards for a touchdown with nine minutes remaining in the fourth quarter here Friday night.

Canie's TD dash and extra point conversion, gave Weirton Madonna a hard earned 7-0 victory over a bold New Cumberland eleven.

Both teams battled back and

forth with New Cumberland halting one touchdown drive by Weirton in the second period. Bill Manley made a key tackle for the Raiders when Madonna was stopped two yards short of the New Cumberland goal.

Madonna rolled up a net of 275 yards to New Cumberland's 158 while the winning team showed a 19-16 edge in first downs.

Madonna Takes Defensive Battle On 4th Period TD

NEW CUMBERLAND — Fullback Bob Canie broke up a titanic defensive struggle when he raced 37 yards for a touchdown with nine minutes remaining in the fourth quarter here Friday night.

Canie's TD dash and extra point conversion, gave Weirton Madonna a hard earned 7-0 victory over a bold New Cumberland eleven.

Both teams battled back and

forth with New Cumberland halting one touchdown drive by Weirton in the second period. Bill Manley made a key tackle for the Raiders when Madonna was stopped two yards short of the New Cumberland goal.

Madonna rolled up a net of 275 yards to New Cumberland's 158 while the winning team showed a 19-16 edge in first downs.

The victory was the second in three games for Weirton while

New Cumberland dropped its second in three contests.

evening for the Lions on the second play of the fourth quarter from one yard away, then ran for the two-point conversion and the 14-8 margin.

Lisbon had drawn first blood when Dave Rose, junior halfback, tallied his seventh touchdown of the season when he busted over from five yards out in the second quarter.

Coach Bud Bucher's team added the important two-point conversion when fullback Gary Rutter took a pass from sharpshooting quarterback Larry McPherson.

Minerva bounced back to match the touchdown in the second quarter on a 20-yard jaunt by Knight but the run for the extra points which would have tied the game failed.

The loss was Lisbon's first in three games.

COLUMBIANA — George Fisher's powerful Columbiana Clippers came on strong to crush its second straight opponent with a 34-6 victory in the 1962 Tri-County League opener with Poland here Friday night.

Track standout Jim Ward wasted little time getting the Clippers on their way to victory No. 2 when he ran 81 yards for a TD on the second play of the game.

Senior Dale Murphy scored twice on runs of 52 and 12 yards and quarterback Rick Perrin pitched for two touchdowns, both going to end Duane Spiker.

The Clippers jumped off to a 20-0 lead in the first period before Poland registered its lone touchdown in the opening frame

SEBRING — A long punt return by halfback Dave Smith provided East Palestine High with a 7-0 victory over Sebring in a defensive battle here Friday night.

Smith, 150-pound senior, scored the game's only touchdown early in the first quarter in returning a Sebring punt 71 yards. He booted the conversion.

Coach Ray Dempsey's winners also threatened three other times. The game ended with East Palestine in possession on the Sebring four-yard line.

Sebring never threatened seriously throughout. The win marked East Palestine's opening of Tri-County League action. The Bulldogs are 2-1 overall. A crowd of about 2,000 saw the game.

Springfield Wins, 38-12, Over Indians

AMSTERDAM — Working like a buzz saw, speedy Gary Danko ran around, through and over Salineville as he accounted for 30 points to lead Springfield in a 38-12 victory over the Indians here Friday night.

After falling behind 16-0 early in the game, the Salineville eleven bounced right back and matched touchdowns with a pair in the second quarter but missed the conversions. The teams left the field at halftime with Springfield holding a 16-12 edge.

The roof caved in in the third quarter as Springfield's Danko broke loose for two touchdowns, then the winners put the icing on the cake with a TD in the fourth.

Danko's four touchdowns came on runs of 19, 9 and 7 yards and on a 40-yard pass play.

The John Riggsby-to-Larry Hogue combination clicked for Salineville's first touchdown in the second quarter on a play covering nine yards. Riggsby accounted for the second TD on a three-yard run.

Browns-Redskins Battle Tops NFL's Card Sunday

By ROBERT MOORE
Associated Press Sports Writer

Speedster Bobby Mitchell returns to his old galloping grounds in the uniform of the Washington Redskins Sunday to battle his former teammates, the Cleveland Browns, in what looms as the day's most interesting National Football League contest.

Mitchell sparked four years for the Browns, favored to win the NFL's Eastern Division title this season, before being traded to the Redskins last winter.

The stellar halfback made his regular-season debut with the Redskins last Sunday, scoring three

Three Chester backs accounted for seven touchdowns as junior halfback Gary Mayhew chalked up 20 points himself on three TD's and a pair of conversions as the Panthers notched their second victory in three outings. Seniors Bob Myers and Kelse Johnson chalked up two touchdowns each as Chester ran up the total mostly on long dashes. Mayhew scored the first three touchdowns. The game was less than two minutes old when Mayhew went flying 16 yards for his first six-pointer. In the second quarter, Mayhew raced 65 yards for another and the score stood 14-0 at halftime.

Then the Panthers got rolling in the second half. Mayhew again started the rout with a 48-yard run to paydirt for the first of three TD's in the third quarter. Myers, who recovered a fumble on the two-yard line in the third period, scored a play later from that distance. Myers' second touchdown came on a 36-yard sprint.

Chester finished its scoring with two touchdowns by Johnson in the fourth quarter. He intercepted a pass and returned it to the South Side 13, later scoring from nine yards out. The final TD came on an 84-yard pass play from Chuck Mullen to Johnson.

South Side never threatened throughout the contest but had one brief march which showed Coach Dave Nichol's Rams picking up three straight first downs. **CHESTER—47**

Gloves Pop Up As Big Problem In Title Fight

CHICAGO (AP)—Three days before they meet for the heavy-weight title, champion Floyd Patterson and challenger Sonny Liston are in the ludicrous position of not knowing what boxing gloves they are going to wear.

But the man who has been caught in the middle of the "big fit"—the oddest preliminary event ever staged—is Sammy Frager, a little, silver-haired Chicago boxing glove maker.

Sammy, 66, on special order from Jack Nion, Liston's adviser, made up several sets of gloves in his small shop for the challenger. However, after a series of unprecedented disagreements among aides of both camps, it will be Monday before a decision is reached by the State Athletic Commission on whether Liston can wear Frager's gloves or another brand, Everlast.

PINEHURST, N.C. (AP)—Downing Gray, who calls himself a weekend golfer, and scholarly Labron Harris Jr., Oklahoma State University graduate student who is a whiz at mathematics, play for the U.S. Amateur Golf Championship today.

Their 36-hole match starts at 9:30 a.m. EST, with former President Eisenhower expected to join the gallery for the 2 p.m. round.

Bombers' Magic Number 3

Yanks Bow To White Sox As Twins Lose To Birds

By MIKE RATHET
Associated Press Sports Writer
In that round-and-round-we-go American League pennant race, where the golden ring always seems to be two or three inches out of reach, the latest stars are two guys who just recently hopped aboard for the ride—Deacon Jones and Pete Ward.

Jones, a 19 at-bat veteran in comparison to one-trip-to-the-plate Ward, lashed a single with the bases loaded in the ninth inning Friday night, capping a six-run uprising that gave the Chicago White Sox a 7-6 decision over the American League leading New York Yankees.

Ward came through in his first major league at-bat, belting a two-

run pinch hit single with the bases loaded in the seventh inning that broke a 1-1 tie and carried Baltimore to a 3-2 triumph over Minnesota's second-place Twins.

Although the Yankees lost, they managed to gain ground in their battle for their 12th pennant in the last 14 years. The Twins' defeat left them 4½ games behind and reduced the Yanks' magic-pennant clinching number to three.

Any combination of three New York victories and-or Minnesota defeats will clinch it for the defending world champions. The Yankees have seven games to go, the Twins six.

The third-place Los Angeles Angels also lost an opportunity to cut into the Yankees' bulge, los-

ing to Cleveland 9-6 when John Romano drove in the tie-breaking runs in the ninth inning. The Angels trail by 7½ games with eight left to play.

Elsewhere in the league, Detroit defeated Kansas City 6-1 behind Don Mossi's five-hit pitching and Boston downed Washington 4-1.

Yankee starter Whitey Ford had a 3-1 lead going into the sixth inning before rain halted play. When action was resumed after a delay of an hour, Moose Skowron made it 5-1 with his 22nd homer. Ford faced two batters in the sixth, but was unable to loosen up, and Bud Daley took over, carrying a 6-1 lead into the ninth.

Newell bounced back into the game when Ed Wiersbicki, the sparkplug of the Viking backfield, sprinted 65 yards on a kick-off return. Wiersbicki then cracked over for the two-point conversion.

Hopedale dealt the crushing blow to the Vikings on two long marches capped by Merriman's four yard plunge for the TD in the second period and Jay Beadling's two-yard run in the third quarter.

Bill Monroe added Newell's second touchdown in the fourth period when he cracked over from the one.

Wills, the Los Angeles flash, failed by one to equal Ty Cobb's modern major league record for stolen bases, 96, as the Dodgers lost to St. Louis 11-2 in their 154th game of the season Friday night.

And the loss, combined with San Francisco's 11-5 triumph over Houston, trimmed the Dodgers National League lead to three games over the Giants. Each has eight games to go.

Wills stole once, his 95th base,

in the only really good chance he had against the Cardinals, but he needed two to equal and three to break Cobb's record. With eight games to go, he's almost certain to surpass it. With an asterisk.

The Mets are also almost certain to gain an asterisk for the most games lost in a season. But it'll be in 1962 games, not 154. They had a share of the National League mark, 115 set by the 1935 Boston Braves, going into their 154th game last night. They won it, 4-1 from the Chicago Cubs, so any loss record will have the softening, mitigating influence of the asterisk. The major league record is 117 by the 1916 Philadelphia A's.

Milwaukee beat Pittsburgh 7-3 behind Warren Spahn and Philadelphia defeated Cincinnati 8-6.

In the American League, the leading New York Yankees fell before a ninth-inning Chicago rally 7-6 but retained their four-game margin when Baltimore edged second-place Minnesota 3-2. Cleveland beat the Los Angeles Angels 9-6; Detroit whipped Kansas City 6-1, and Boston topped Washington 4-1.

Sandy Koufax, sidelined more than two months with a circula-

tory ailment of the index finger of his left hand, was a surprise starter for the Dodgers against St. Louis, and lasted less than an inning.

He walked three men before Charley James hit a grand-slam homer.

Willie Mays led the Giants 18-hit assault on five Houston pitchers with three singles and a double in four trips. He scored twice and drove in three runs.

The Giants erupted for six runs on as many singles in the third inning, building an 8-0 lead. Right-hander Gaylord Perry got the victory but needed help when the Colts rallied for three runs in the ninth.

Spahn, 16-14 for the season, had an eight-hitter for the Braves at Pittsburgh. It was the 325th career victory for the Milwaukee veteran, one short of Eddie Plank's record for left-handers.

Wiersbicki Tallies On Long Run

Newell crossed the goal line twice for the first time in three games but that didn't prove enough as Hopedale handed the visiting Vikings a 30-14 setback Friday night. The setback was Newell's third straight this season.

Hopedale, led by its hard-running fullback Ken Leggett, jumped off to a 14-0 lead before Newell checked into the scoring column in the first period.

On the second play from scrimmage, Gordy Merriman raced 60 yards to give Hopedale a 6-0 lead. Later in the same period, Randy Richards took a seven-yard pass from quarterback Dean Polen and Leggett tacked on the conversion for a 14-0 margin.

Newell bounced back into the game when Ed Wiersbicki, the sparkplug of the Viking backfield, sprinted 65 yards on a kick-off return. Wiersbicki then cracked over for the two-point conversion.

Hopedale dealt the crushing blow to the Vikings on two long marches capped by Merriman's four yard plunge for the TD in the second period and Jay Beadling's two-yard run in the third quarter.

Spahn, 16-14 for the season, had an eight-hitter for the Braves at Pittsburgh. It was the 325th career victory for the Milwaukee veteran, one short of Eddie Plank's record for left-handers.

Don Demeter stroked his 27th homer of the season, with a mate aboard, as the Phillies overcame a five-run deficit and beat the Reds.

The Mets scored three times without the benefit of a hit in the first inning, then were supported by the four-hit pitching of Galen Cisco in beating the Cubs.

Wills, the Los Angeles flash, failed by one to equal Ty Cobb's modern major league record for stolen bases, 96, as the Dodgers lost to St. Louis 11-2 in their 154th game of the season Friday night.

And the loss, combined with San Francisco's 11-5 triumph over Houston, trimmed the Dodgers National League lead to three games over the Giants. Each has eight games to go.

Wills stole once, his 95th base,

in the only really good chance he had against the Cardinals, but he needed two to equal and three to break Cobb's record. With eight games to go, he's almost certain to surpass it. With an asterisk.

The Mets are also almost certain to gain an asterisk for the most games lost in a season. But it'll be in 1962 games, not 154. They had a share of the National League mark, 115 set by the 1935 Boston Braves, going into their 154th game last night.

Mayhew's 3 TD's Spark Second Win

When the Chester Panthers bounce back from a lopsided defeat they really bounce back. The Panthers of Dom Amedeo, beat en 45-8 at Malvern last Saturday, pulled off a rout of their own

Wellsville Jayvees To Meet Beaver Local

The Wellsville reserves will meet the Beaver Local High School reserves Monday afternoon at 4:30 at Nicholson Stadium in Wellsville. Tickets are being sold in Wellsville by the Omni Boosters Club.

Friday night at Chester City Park by scalping South Side, 47-0.

Three Chester backs accounted for seven touchdowns as junior halfback Gary Mayhew chalked up 20 points himself on three TD's and a pair of conversions as the Panthers notched their second victory in three outings. Seniors Bob Myers and Kelse Johnson chalked up two touchdowns each as Chester ran up the total mostly on long dashes. Mayhew scored the first three touchdowns. The game was less than two minutes old when Mayhew went flying 16 yards for his first six-pointer. In the second quarter, Mayhew raced 65 yards for another and the score stood 14-0 at halftime.

Then the Panthers got rolling in the second half. Mayhew again started the rout with a 48-yard run to paydirt for the first of three TD's in the third quarter. Myers, who recovered a fumble on the two-yard line in the third period, scored a play later from that distance. Myers' second touchdown came on a 36-yard sprint.

Chester finished its scoring with two touchdowns by Johnson in the fourth quarter. He intercepted a pass and returned it to the South Side 13, later scoring from nine yards out. The final TD came on an 84-yard pass play from Chuck Mullen to Johnson.

South Side never threatened throughout the contest but had one brief march that showed Coach Dave Nichol's Rams picking up three straight first downs. Chester—Clunk, Elliott, Spencer, Cashdollar. Gloves Pop Up As Big Problem In Title Fight

CHICAGO (AP)—Three days before they meet for the heavyweight title, champion Floyd Patterson and challenger Sonny Liston are in the ludicrous position of not knowing what boxing gloves they are going to wear. But the man who has been caught in the middle of the "big fit"—the oddest preliminary event ever staged—is Sammy Frager, a little, silver-haired Chicago boxing glove maker. Sammy, 66, on special order from Jack Nilon, Liston's adviser, made up several sets of gloves in his small shop for the challenger. However, after a series of unprecedented disagreements among aides of both camps, it will be Monday before a decision is reached by the State Athletic Commission on whether Liston can wear Frager's gloves or another brand, Everlast.

Gray, Harris Clash For U.S. Golf Crown

PINEHURST, N.C. (AP)—Downing Gray, who calls himself a weekend golfer, and scholarly Labron Harris Jr., Oklahoma State University graduate student who is a whiz at mathematics, play for the U.S. Amateur Golf Championship today. Their 36-hole match starts at 9:30 a.m. EST, with former President Eisenhower expected to join the gallery for the 2 p.m. round.

Bombers' Magic Number 3

Yanks Bow To White Sox As Twins Lose To Birds

By MIKE RATHET Associated Press Sports Writer In that round-and-round-we-go American League pennant race, where the golden ring always seems to be two or three inches out of reach, the latest stars are two guys who just recently hopped aboard for the ride—Deacon Jones and Pete Ward.

Jones, a 19 at-bat veteran in comparison to one-trip-to-the-plate Ward, lashed a single with the bases loaded in the ninth inning Friday night, capping a six-run uprising that gave the Chicago White Sox a 7-6 decision over the American League leading New York Yankees.

Ward came through in his first major league at-bat, belting a two-

run pinch hit single with the bases loaded in the seventh inning that broke a 1-1 tie and carried Baltimore to a 3-2 triumph over Minnesota's second-place Twins.

Although the Yankees lost, they managed to gain ground in their battle for their 12th pennant in the last 14 years. The Twins' defeat left them 4½ games behind and reduced the Yanks' magic-pennant clinching number to three.

Any combination of three New York victories and/or Minnesota defeats will clinch it for the defending world champions. The Yankees have seven games to go, the Twins six.

The third-place Los Angeles Angels also lost an opportunity to cut into the Yankees' bulge, los-

ing to Cleveland 9-6 when John Romano drove in the tie-breaking runs in the ninth inning. The Angels trail by 7½ games with eight left to play.

Elsewhere in the league, Detroit defeated Kansas City 6-1 behind Don Mossi's five-hit pitching and Boston downed Washington 4-1.

Yankee starter Whitey Ford had a 3-1 lead going into the sixth inning before rain halted play. When action was resumed after a delay of an hour, Moose Skowron made it 5-1 with his 22nd homer. Ford faced two batters in the sixth, but was unable to loosen up, and Bud Daley took over, carrying a 6-1 lead into the ninth.

Wiersbicki Tallies On Long Run

Newell crossed the goal line twice for the first time in three games but that didn't prove enough as Hopedale handed the visiting Vikings a 30-14 setback Friday night. The setback was Newell's third straight this season.

Hopedale, led by its hard-running fullback Len Leggett, jumped off to a 14-0 lead before Newell checked into the scoring column in the first period.

On the second play from scrimmage, Gordy Merriman raced 60 yards to give Hopedale a 6-0 lead. Later in the same period, Randy Richards took a seven-yard pass from quarterback Dean Polen and Leggett tacked on the conversion for a 14-0 margin.

Newell bounced back into the game when Ed Wiersbicki, the sparkplug of the Viking backfield, sprinted 65 yards on a kick-off return. Wiersbicki then cracked over for the two-point conversion.

Hopedale dealt the crushing blow to the Vikings on two long marches capped by Merriman's four yard plunge for the TD in the second period and Jay Beadling's two-yard run in the third quarter.

Bill Monroe added Newell's second touchdown in the fourth period when he cracked over from the one.

Newell entertains its arch rival — Chester — next Friday night.

Vogel, Moeller Named OSU's Co-Captains

COLUMBUS, Ohio (AP)—Two rugged middle-men of the Ohio State football team were elected co-captains of the 1962 Buckeyes Friday.

The pair, tackle Bob Vogel of Massillon and linebacker Gary Moeller of Lima, succeed Mike Ingram as team leader.

Vogel, 6-foot-5 and a 227-pounder, has been starting tackle in every game since he was a sophomore. Moeller, at 6-1 and 220 pounds, was a guard his sophomore year but was switched to defensive linebacking chores last year.

Barbara Ann Fry, a minor, 20 years of age and Joseph H. Simmons, her father, whose last known place of residence was Box 168 Indian Head, Maryland, will take notice that the Plaintiff, William Fry, has filed a Petition in the Court of Common Pleas, Columbiana County, Ohio, praying for a divorce from said Defendant on the grounds of extreme cruelty and for equitable relief being Case No. 48041.

Said Defendant, Barbara Ann Fry and Joseph H. Simmons are hereby notified that said cause will be for hearing on the 6th day of October, 1962, at 10:00 o'clock in the forenoon, at the Court of Common Pleas, Columbiana County, Ohio, at the place of venue.

Thereafter as the Court may conveniently hear the same.

WILLIAM FRY, Plaintiff. GEORGE A. ARONSON and BERNARD FINEMAN, Attorneys for Plaintiff. East Liverpool, Ohio. E. L. Review: Aug. 30, Sept. 1, 8, 15, 22, 29, Oct. 6, 1962.

NOTICE is hereby given that in pursuance of Resolution No. 1 of the Board of Education of the East Liverpool City School District, Columbiana County, Ohio, passed on the 20th day of August, 1962, there will be submitted to a vote of the people of said East Liverpool City School District at a GENERAL ELECTION to be held in the East Liverpool City School District, Columbiana County, Ohio, at the place of venue, on Tuesday, the 6th day of November, 1962, the question of levying a tax, in excess of the ten-mill limitation, for the benefit of the East Liverpool City School District for the purpose of providing an adequate amount for current operating expenses.

Said tax being an additional tax of two (2) mills to run for ten (10) years at a rate not exceeding Two (2) mills for each one dollar of valuation, which amounts to Twenty cents (\$0.20) for each one hundred dollars of valuation, for each of the tax years 1962, 1963, 1964, 1965, 1966, 1967, 1968, 1969, 1970 and 1971, including a levy upon the tax duplicate of the current year.

The Polls for said Election will be open from 6:30 a.m. to 6:00 p.m. Eastern Standard Time of said day. By order of the Board of Elections of Columbiana County, Ohio.

C. L. STACEY, Chairman. FRANK R. O'HANLON, Clerk. Dated August 20, 1962. E. L. Review: Sept. 8, 15, 22, 29, 1962.

Salem Routs Rival, 42-14

Seven players joined in the scoring parade as Salem High continued unbeaten with a 42-14 victory over Ravenna Friday night at Ravenna.

The win was Salem's third in a row. The Quakers meet Farrell's Night Riders next week and will be out to avenge a 7-6 loss of last year.

Quarterback Bill Beery scored on a one-yard plunge in the second quarter to give Salem a 6-0 lead. Ravenna came right back to score a short run by Stan Jacobs.

Salem punched across two more touchdowns in less than three minutes to compile a 22-8 halftime lead. Dave Taus and Marlin Waller scored before halftime.

Bob Owens scored for Salem in the third quarter, and Dave Capel and Larry Earley tallied in the fourth. Ravenna scored in the final period on a 12-yard pass play.

Fosmire, Ortega To Clash On TV

BOSTON (AP)—Seventh-ranked Bob Fosmire of Revere pits his southpaw attack against the experience of Gaspar Ortega of Tijuana, Mexico tonight in a nationally-televised 10-round welterweight scrap at Boston Arena.

Fosmire has won all 17 of his fights since turning professional three years ago. The ex-Marine's only "name" opponents, however, have been Charlie Scott of Philadelphia and German-born Stefan Redl. The new England welter titlist beat both, of course.

Ortega, a slam-bang veteran with more than 100 pro ring visits, is unrunked currently but has been in and out of the ratings for years. He was No. 4 challenger as recently as last January before he dropped a decision to Scott.

LEGAL NOTICES

LEGAL NOTICE

The unknown heirs, devisees, legatees, administrators, executors and assigns of Matilda Isabelle Brant, deceased, Sue Shaw, deceased, and Clement Brant, deceased, will take notice that said Petitioner, as shown on the 23rd day of August, 1962, filed her petition in the Common Pleas Court of Columbiana County, State of Ohio, where same is designated as Case No. 48052 in said Court for the partition of certain real estate which is hereby ordered to be done as follows, to-wit:

Situated in the City of Wellsville, County of Columbiana, State of Ohio, and known as and being the northeasterly one-half (½) of Lot Number Eighty-one (81) in the John Nicholson Subdivision, addition to the City of Wellsville, Ohio. Said northeasterly one-half (½) of Lot Number Eighty-one (81) is more fully described as follows: Commencing at the most easterly corner of said Lot Number Eighty-one (81); thence in a southeasterly direction along the easterly line of Danbury Avenue a distance of twenty-five (25) feet to a point; thence in a northeasterly direction along a line with the northerly line of said Lot Number Eighty-one (81) and twenty-five (25) feet distant therefrom a distance of One Hundred (100) feet to the westerly line of Lot Number Eighty-one (81) and the easterly line of Lot Number Eighty-one (81); thence in a northeasterly direction along the westerly line of Lot Number Eighty-one (81) and the easterly line of Lot Number Eighty-one (81) a distance of One Hundred (100) feet to the easterly line of Lot Number Eighty-one (81); the westerly line of Danbury Avenue and the place of beginning.

The prayer of said petition is for the partition of said real estate and for other equitable relief. Defendants are required to answer said petition on the 29th day of October, 1962, or judgment will be taken against them.

FRANCES B. SHAWKE, Plaintiff. Her Attorney, E. L. Review: Sept. 1, 8, 15, 22, 29, Oct. 6, 1962.

LEGAL NOTICE

Barbara Ann Fry, a minor, 20 years of age and Joseph H. Simmons, her father, whose last known place of residence was Box 168 Indian Head, Maryland, will take notice that the Plaintiff, William Fry, has filed a Petition in the Court of Common Pleas, Columbiana County, Ohio, praying for a divorce from said Defendant on the grounds of extreme cruelty and for equitable relief being Case No. 48041.

Said Defendant, Barbara Ann Fry and Joseph H. Simmons are hereby notified that said cause will be for hearing on the 6th day of October, 1962, at 10:00 o'clock in the forenoon, at the Court of Common Pleas, Columbiana County, Ohio, at the place of venue.

Thereafter as the Court may conveniently hear the same.

WILLIAM FRY, Plaintiff. GEORGE A. ARONSON and BERNARD FINEMAN, Attorneys for Plaintiff. East Liverpool, Ohio. E. L. Review: Aug. 30, Sept. 1, 8, 15, 22, 29, Oct. 6, 1962.

NOTICE is hereby given that in pursuance of Resolution No. 1 of the Board of Education of the East Liverpool City School District, Columbiana County, Ohio, passed on the 20th day of August, 1962, there will be submitted to a vote of the people of said East Liverpool City School District at a GENERAL ELECTION to be held in the East Liverpool City School District, Columbiana County, Ohio, at the place of venue, on Tuesday, the 6th day of November, 1962, the question of levying a tax, in excess of the ten-mill limitation, for the benefit of the East Liverpool City School District for the purpose of providing an adequate amount for current operating expenses.

Said tax being an additional tax of two (2) mills to run for ten (10) years at a rate not exceeding Two (2) mills for each one dollar of valuation, which amounts to Twenty cents (\$0.20) for each one hundred dollars of valuation, for each of the tax years 1962, 1963, 1964, 1965, 1966, 1967, 1968, 1969, 1970 and 1971, including a levy upon the tax duplicate of the current year.

The Polls for said Election will be open from 6:30 a.m. to 6:00 p.m. Eastern Standard Time of said day. By order of the Board of Elections of Columbiana County, Ohio.

C. L. STACEY, Chairman. FRANK R. O'HANLON, Clerk. Dated August 20, 1962. E. L. Review: Sept. 8, 15, 22, 29, 1962.

How Can I?
By ANNE ASHLEY

Q. How can I replace a cracked or broken asphalt tile in my floor?

A. Using an ordinary hammer, put a number of dents in the damaged tile. The tile soon will begin to curl up, either at the edges or where the crack is. Lift it out of position with the aid of a putty knife, carefully scrape up the adhesive from the floor, apply new cement, and after this is tacky to the touch, place down your new tile.

Q. How can I properly clean my son's khaki Boy Scout shirt and trousers?

A. These can be washed in lukewarm water with a mild soap. If very soiled, the garments can be laid on a board and scrubbed thoroughly with a coarse brush. Do not under any circumstances rub soap directly on the khaki.

Rinse, wring out, and dry in the shade. Iron carefully.

Q. How can I make an easier and more efficient job of cutting carpeting?

A. Turn the underside of the carpet up, and use a sharp knife to sever the cords. Then, as a guide for making a straight cut, keep the blade of your knife between two parallel filler or warp strands.

Q. How can I remedy a rug whose corners persist in turning up?

A. A good remedy is to sew a piece of stiff canvas underneath these recalcitrant corners—which will not only keep them down, but will also help to prolong the life of the rug.

Q. How can I clean glass baking dishes that have become browned?

A. By soaking them in a strong solution of borax and water.

Junior Editors Quiz on FOSSILS

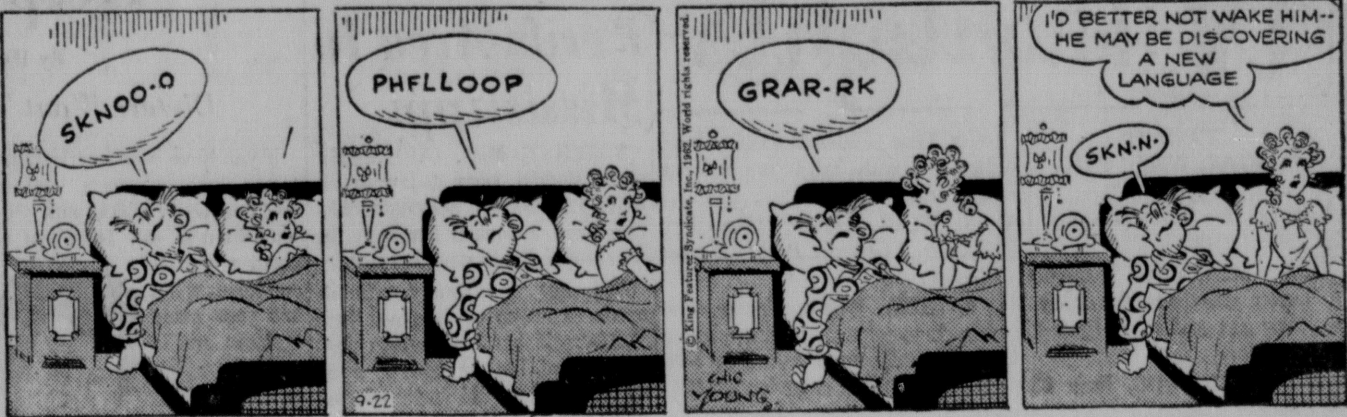

QUESTION: Were trilobites insects?

ANSWER: The mysterious "bug" which one of the young fossil hunters in our picture is holding up to show his friend is a print of a trilobite in a fragment of rock. But it wasn't really an insect. It's true that scientists say the trilobites belonged to the large body of small animals with jointed legs called "arthropods," which include insects, crustaceans such as lobsters and crabs, and arachnids such as spiders. But the trilobites belonged to a class all by themselves. A class now extinct. We only know about them from the prints they left in rocks of long ago. Scientists say these prints come from marine animals which lived between 500 million and 200 million years ago and that these were the most highly developed animals of their time, the kings of the ancient sea. Before them, there were only worms and lowly animal life like sponges and coral. Fish and other vertebrate animals came later. So, even if he looks like a bug to us today, trilobite was, according to the scientists, the Mr. Big of 5 hundred million years ago!

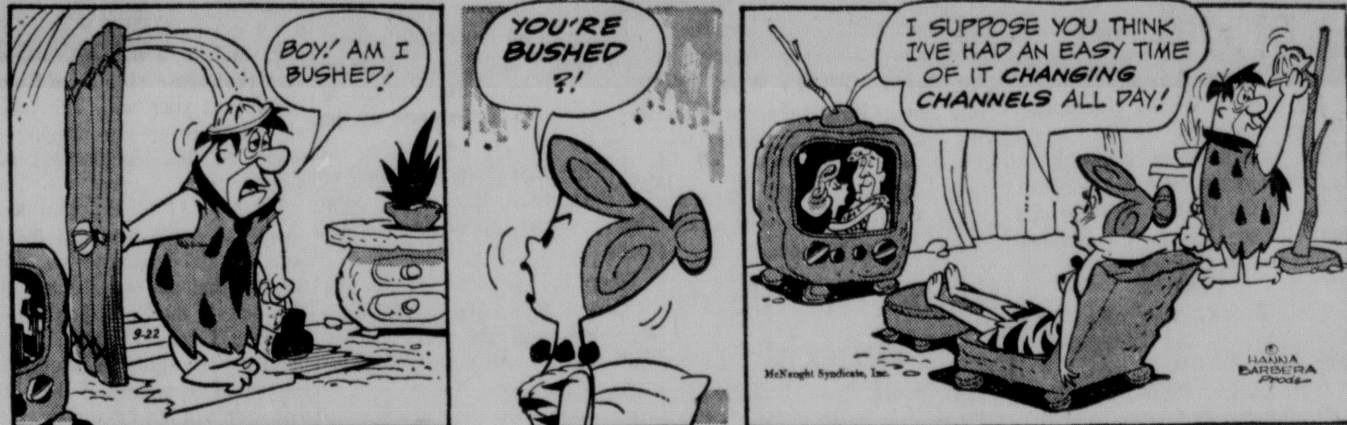

FOR YOU TO DO: Many young people find fossil collecting a fascinating hobby. Ask your science teacher if there are any fossils to be found in your area. Also, fossils can be bought quite cheaply and you can trade with other collectors.

Chlorine Gas Perils Area In Mississippi

NATCHEZ, Miss. (AP) — Experts studied ways today to remove 1,100 tons of poisonous chlorine from a sunken barge in the Mississippi River near here.

And city and county officials pondered ways of keeping their 80,000 residents from going into a panic at the thought of what an accident could mean—lethal doses of chlorine gas drifting through towns and fields, into homes and business houses.

"There is no immediate danger right now," said Sheriff William Ferrell. "I trust the welfare of this county to the experts at the scene."

But the mayor of this town of 23,000 in south Mississippi, John Nossor, issued an ominous statement.

When the time comes for the raising of the sunken gas, he said, he would "advise every family that can get away to visit relatives to go ahead."

He said 20,000 gas masks are ready, if needed.

Either way, all concerned agreed there was no immediate danger. It will be at least October before the raising operation can get started, and it may be six weeks after that before it's finished.

The hearts of the people in this city started skipping beats when word got around that the U.S. Public Health Service in Washington was saying a mass evacuation might be advisable.

If enough gas escapes, and the wind is right, it "could kill up to 40,000 people, the Public Health Service said.

Many persons apparently misunderstood the statement. They thought an evacuation was imminent.

Salvage work ceased, meanwhile, at the spot where a barge carrying the equivalent of 55 railway tank cars of compressed chlorine sank March 23, 1961.

Experts were deciding which of three courses to take—raise the whole barge and its contents, raise the four separate cylindrical containers or siphon off the liquid chlorine into other container.

Bee Guests 'Bug' Salineville Home

SALINEVILLE — Miss Myrtle Strabley of E. Main St. has a honey of a problem.

An electrician working at her house discovered a swarm of bees in the upstairs partition at the rear of the large home, along with a sizable supply of the bees No. 1 product.

Miss Strabley, correspondent for The Review, has called a Lisbon Rd. man to re-locate her insect guests.

The discovery has not sweetened her outlook on life; besides the electrical repairs needed this week, Miss Strabley learned she needs a new furnace and her car broke down Friday, requiring a new clutch.

Beaver School Bus Fleet Due Inspection

Inspection of Beaver Local School District's 29 buses will be conducted Monday and Tuesday at the district garage at Crocker City Farms by Ohio Highway Patrolmen.

Southern Local buses are to be checked Wednesday, United Local Thursday and East Liverpool and Wellsview buses Friday by Patrolmen E. D. Wain and Ned Myers. Reinspections will be held Oct. 1.

Salem and Fairfield-Waterford buses will be checked Oct. 2, East Palestine, Lisbon, Columbiana buses Oct. 3 and Leetonia buses Oct. 5. Reinspection will be held Oct. 5.

Glenmoor Airman Promoted To Captain

Park V. Mackall, son of Mr. and Mrs. George Mackall of Glenmoor, has been promoted to captain in the Air Force at Charleston (S.C.) Air Force Base.

A 1957 graduate of Virginia Military Academy at Lexington, Va., Capt. Mackall was employed for a while with the Chesapeake & Potomac Telephone Co. before entering the service four years ago.

An officer in communications, he was stationed for three years at Itazuka Air Force Base in Japan. His wife, the former Suzanne Brian of Chester, and two children are with him at Charleston.

Keep In Trim

By IDA JEAN KAIN

Dieters Want To Help Each Other

If you have been overweight for many unhappy years, you may feel hopelessly stuck with your burden of fat. Then you read about someone else who has your same problem and is making a determined effort to reduce.

This serves to spark your determination, and in a very real sense re-inforces your will. The following letter is an encouraging example of this togetherness philosophy:

"In April I read your story about the nurse who lost 105 excess pounds. It stirred me...but I thought that she was beyond me. She had it made. I didn't have."

"Then I read about the young mother who wants to lose an excess hundred pounds so her little daughter will not have a freak for a mother."

HER STORY is almost identical to mine. My daughter's classmate called me a Fatso. Of course it was rude of the child, but who are more honest than children? The truth hurt more than the rudeness.

"I am 40, weigh 225 pounds, 5 feet 5 and have these measurements: bust 45, waist 35½, hips 52. I am making a scrapbook, saving all the columns that seem to apply to me. I've fixed up charts and schedules to keep my measurements and calorie record."

"I believe this other young mother and I can be of a great help to each other. Please let her know that I am pulling with her. I'm even enclosing a note for you to send to her. Could we correspond and compare our progress?"

Up until now I had begun to think of myself as hopeless, but this young mother has given me fresh courage."

The idea of dieting with someone who faces your same problem does have merit. However, bear in mind that the person whom you choose to help you must be someone with the courage to tell you the truth.

Whether strangers can do this for each other is the question. At any rate, I feel you should report to your own doctor at regular intervals. He can help you to keep on the course.

If you are wholehearted in your desire to tell a friend, or another dieter the truth, and even more important to search out the truth for yourself, keep a diet - diary, and a mood memo. Write down everything you eat.

Use a carbon paper so as to keep the record for yourself, too. Let your friend see the list at regular periods. As one dieter reported, "You think twice before eating something frightfully fattening when you know your are going to have to write it down for your dieting pal to read!"

KEEPING A MOOD memo — noting your frame of mind when temptation is strong — helps you to couple cause with effect. When you become aware of underlying causes, you are better able to take needed action.

In dieting with someone else, each one of you must take the lead, and be willing to pull your own weight.

Send a stamped, self-addressed, long envelope for "Choose To Lose Diet." Address your request to Ida Jean Kain, in care of The Review. Post card requests cannot be answered.

Hancock Group Told New Park To Be Ready In Spring

A public park consisting of a picnic area and boat docks will be completed by spring at the former site of Dam 8 on the Ohio River at Newell, the Hancock County Planning and Development Commission was told Thursday night.

"There has been a delay in the removing of old lock buildings on the site because of letting of bids," Norman Ferrari, president, told the group at its meeting in the Courthouse in New Cumberland. "The Army Engineers have assured me, however, that the buildings will be torn down no later than December, and the park will be finished by spring," Ferrari added.

The engineers have also purchased additional land to construct a 20-foot-wide concrete road extending from old Route 66 to the riverbank.

The federal government appropriated \$80,000 for the project. The boat docks will cover four

acres, with parking space for 40 boat trailers and cars, Ferrari said. Once completed, the park will be leased to the county group.

Work is continuing on construction of roadside park on Route 66 at the summit of a hill overlooking the Stratton superdam. Two parking sites have been completed, and a shelter erected. Crews are presently clearing trees from the area.

Oliver Johnson, county agricultural agent, reported on a meeting he attended at West Virginia University. Next meeting is Oct. 18 in the Courthouse.

Chlorine Gas Perils Area In Mississippi

NATCHEZ, Miss. (AP) — Experts studied ways today to remove 1,100 tons of poisonous chlorine from a sunken barge in the Mississippi River near here.

And city and county officials pondered ways of keeping their 80,000 residents from going into a panic at the thought of what an accident could mean—lethal doses of chlorine gas drifting through towns and fields, into homes and business houses.

"There is no immediate danger right now," said Sheriff William Ferrell. "I trust the welfare of this county to the experts at the scene."

But the mayor of this town of 23,000 in south Mississippi, John Nossor, issued an ominous statement.

When the time comes for the raising of the sunken gas, he said, he would "advise every family that can get away to visit relatives to go ahead."

He said 20,000 gas masks are ready, if needed.

Either way, all concerned agreed there was no immediate danger. It will be at least October before the raising operation can get started, and it may be six weeks after that before it's finished.

The hearts of the people in this city started skipping beats when word got around that the U.S. Public Health Service in Washington was saying a mass evacuation might be advisable.

If enough gas escapes, and the wind is right, it "could kill up to 40,000 people, the Public Health Service said.

Many persons apparently misunderstood the statement. They thought an evacuation was imminent.

Salvage work ceased, meanwhile, at the spot where a barge carrying the equivalent of 55 rail yard tank cars of compressed chlorine sank March 23, 1961.

Experts were deciding which of three courses to take—raise the whole barge and its contents, raise the four separate cylindrical containers or siphon off the liquid chlorine into other containers.

Bee Guests 'Bug' Salineville Home

SALINEVILLE — Miss Myrtle Strabley of E. Main St. has a honey of a problem.

An electrician working at her house discovered a swarm of bees in the upstairs partition at the rear of the large home, along with a sizable supply of the bees.

No. 1 product.

Miss Strabley, correspondent for The Review, has called a Lisbon Rd. man to re-locate her insect guests.

The discovery has not sweetened her outlook on life; besides, the electrical repairs needed this week, Miss Strabley learned she needs a new furnace and her car broke down Friday, requiring a new clutch.

Glenmoor Airman Promoted To Captain

Park V. Mackall, son of Mr. and Mrs. George Mackall of Glenmoor, has been promoted to captain in the Air Force at Charleston (S.C.) Air Force Base.

A 1957 graduate of Virginia Military Academy at Lexington, Va., Capt. Mackall was employed for a while with the Chesapeake & Potomac Telephone Co. before entering the service four years ago.

An officer in communications, he was stationed for three years at Itazuka Air Force Base in Japan. His wife, the former Suzanne Brian of Chester, and two children are with him at Charleston.

Keep In Trim

By IDA JEAN KAIN
Dieters Want To Help Each Other

If you have been overweight for many unhappy years, you may feel hopelessly stuck with your burden of fat. Then you read about someone else who has your same problem and is making a determined effort to reduce.

This serves to spark your determination, and in a very real sense re-inforces your will. The following letter is an encouraging example of this togetherness philosophy:

"In April I read your story about the nurse who lost 105 excess pounds. It stirred me...but I thought that she was beyond me. She had it made. I didn't have it."

"Then I read about the young mother who wants to lose an excess hundred pounds so her little daughter will not have a freak for a mother."

HER STORY is almost identical to mine. My daughter's classmate called me a fatso. Of course it was rude of the child, but who are more honest than children? The truth hurt more than the rudeness.

"I am 40, weigh 225 pounds, 5 feet 5 and have these measurements: bust 45, waist 35½, hips 52. I am making a scrapbook, saving all the columns that seem to apply to me. I've fixed up charts and schedules to keep my measurements and calorie record."

"I believe this other young mother and I can be of a great help to each other. Please let her know that I am pulling with her. I'm even enclosing a note for you to send to her. Could we correspond and compare our progress?"

Ida Jean Kain

Up until now I had begun to think of myself as hopeless, but this young mother has given me fresh courage."

The idea of dieting with someone who faces your same problem does have merit. However, bear in mind that the person whom you choose to help you must be your severest critic. It must be someone with the courage to tell you the truth.

Whether strangers can do this for each other is the question. At any rate, I feel you should report to your own doctor at regular intervals. He can help you to keep on the course.

If you are wholehearted in your desire to tell a friend, or another dieter the truth, and even more important to search out the truth for yourself, keep a diet - diary, and a mood memo. Write down everything you eat.

Use a carbon paper so as to keep the record for yourself, too. Let your friend see the list at regular periods. As one dieter reported, "You think twice before eating something frightfully fattening when you know your are going to have to write it down for your dieting pal to read!"

KEEPING A MOOD memo — noting your frame of mind when temptation is strong — helps you to couple cause with effect. When you become aware of underlying causes, you are better able to take needed action.

In dieting with someone else, each one of you must take the lead, and be willing to pull your own weight.

Senior Citizen Group Plans Card Parties

A series of public card parties, beginning in October, were planned at the business meeting of the Senior Citizens' Group Thursday afternoon in the VFW Hall.

Mrs. Guy Garwood, chairman, will announce the date.

Business was conducted by Austin McCoy, president. Sack lunches will be featured at the weekly meetings but at the business session Mrs. Victoria Willis, social chairman for October, November and December, will serve lunch.

Frank Shone, a member who will have a floral displays at the flower show at Westgate School today and Sunday invited members to attend.

Mrs. Grace McHenry, secretary, read the minutes and conducted roll call. Mrs. Nell Pelley gave the treasurer's report.

The president led the Lord's Prayer and Shone in group singing of "America."

The Rev. John Clark, pastor of the First Methodist Church, held a "metal craft" session for a number of members.

Mrs. Mildred Rose, guest soloist, sang "Somewhere a Voice Is Calling" and "The Prayer Perfect."

Mrs. Bessie Hassell was in charge of lunch.

The Rev. D. R. Salisbury Jr., rector of St. Stephen's Episcopal Church, will be speaker next Thursday.

PUC Aid Slated At Summitville

SUMMITVILLE — Mayor Ernest Phillips told Council Thursday night that the Public Utilities Commission will assist the village in its rate negotiations with the Ohio Fuel & Gas Co. but a report is not expected immediately.

He said it will be sometime before a report is received as the PUC has a number of such requests and is processing them in their turn.

Atty. Thomas Coe of Salem was present to answer questions on the gas rate negotiations.

Phillips also presented a petition signed by property owners for the closing of North St. between 3rd and Main Sts.

Bills of \$947 were paid. All members were present for the meeting at the fire house.

Next meeting is Oct. 18.

Drought Status Still Needs Land Approval

BEAVER — Chairman Mark Hilliker of the Beaver County Agricultural Stabilization and Conservation Committee today reminded farmers that, even though the area has been designated as a disaster area because of drought, approval by the county ASC is required for each farm before diverted acreages may be grazed or hayed.

Provisions of the 1962 feed grain, wheat stabilization and conservation reserve programs were recently relaxed in Beaver County by the U. S. Department of Agriculture to permit use of forage on acreages diverted from crop production under these programs.
